PUBLISHER AETERNA PRESS      *St Thomas Aquinas* Vivian Boland OP,2014-10-23 It may be surprising that the thought of  
a medieval theologian still informs many areas of intellectual debate but there continues to be lively interest in the work of  
Thomas Aquinas He considers the most radical questions for our thinking about education what is a human being what does  
it mean to learn what does it mean to teach what does it mean to know to understand and to search for the truth In this text  
Vivian Boland offers a short biography of Aquinas focused on his personal experiences as a student and teacher The book  
then provides a critical exposition of the texts in which Aquinas develops his views about education and includes a short  
account of the reception and influence of his thinking Finally it considers in some detail the most significant points of contact  
between Aquinas s educational thought and current concerns his conviction about the goodness of the world his holistic  
understanding of human experience and his contributions to virtue theory and highlights the continuing relevance and  
influence of this work and thinking within educational philosophy today      [Aquinas: Summa Theologiae, Questions on God](#)  
Saint Thomas (Aquinas),2006-02-16 Thomas Aquinas 1224-1274 was one of the greatest of the medieval philosophers His  
Summa Theologiae is his most important contribution to Christian theology and one of the main sources for his philosophy  
This volume offers most of the Summa s first 26 questions including all of those on the existence and nature of God Based on  
the 1960 Blackfriars translation this version has been extensively revised by Brian Davies and also includes an introduction  
by Brian Leftow which places the questions in their philosophical and historical context The result is an accessible and up to  
date edition of Aquinas thoughts on the nature and existence of God both of which have continuing relevance for the  
philosophy of religion and Christian theology      **Thomas Aquinas on God and Evil** Brian Davies,2011-08-24 Renowned  
Aquinas scholar Brian Davies offers the first in depth study of the saint s thoughts on God and evil revealing that Aquinas s  
thinking about God and evil can be traced through his metaphysical philosophy his thoughts on God and creation and his  
writings about Christian revelation and the doctrines of the Trinity and the Incarnation
