St Privat German Sources:

German War Planning, 1891-1914 Terence Zuber, 2004 Germany's Schlieffen Plan of the First World War is much talked of but little understood. Translations of primary sources recently available clarify the issues involved. The great deficiency in the discussion of German war planning prior to the Great War has been the dearth of reliable primary sources. Practically nothing was made public before the German Reichsarchiv was destroyed in April 1945 and this problem is compounded for Anglophone historians by the fact that the most interesting secondary literature was printed in German periodicals in the early 1920s. This book makes available in English translation many of the documents concerning German war planning before 1914 that survived the war but were kept closely guarded by the East German army archives and only became available with the fall of the wall. Included are the only archival history of German war planning, Wilhelm Dieckmann's *Der Schlieffenplan*, Hellmuth Greiner's secret history of the German west front intelligence estimate from 1885 to 1914, and two of the younger Moltke's General Staff exercises. The book also presents other little known documents found in other German archives as well as the most important parts of the 1920s literature concerning the debate on the German war plan. The picture of German war planning which now emerges is both more complex and more credible than the previous single minded emphasis on the Schlieffenplan. **TERENCE ZUBER** has also written *Inventing the Schlieffen Plan* and *The Moltke Myth*. Born in Cleveland Ohio, he is currently living in Wurzburg Germany. *St. Privat*, 1914. **St. Privat. German Sources** Bell, Harry Tr., Prussia. Grosser Generalstab, Arthur Latham 1872-1951. Soldiers and Scholars Carol Reardon,1990 The use and abuse of military history is the theme of this book The author scrutinizes the army s first systematic attempt to use military history to educate its future leaders and traces the army s struggle from the end of the Civil War to claim intellectual authority over the study of war **Moltke and the German Wars, 1864-1871** Arden Bucholz,2017-03-05 The Prussian army invented modern war processes and Helmuth von Moltke 1800 1891 was the first modern war planner His accomplishment was to develop bring to fruition and validate the war processes invented during his lifetime In this book Bucholz examines Moltke s work and the processes he utilised in each of the three wars of German unification against Denmark 1864 Austria 1865 and France 1870 71 Moltke s achievements have become a legacy for modern military strategists The procedures he developed have been used in all of the wars of the twentieth century the Persian Gulf War of 1991 may be its most interesting example beacuse they respond to the size space time and technology mandates of industrial mass warfare This book describes and analyzes these developments in a unique way by using organisational knowledge and learning theory by looking closely at Moltke s life as a professional soldier and by bringing little known research in the field to a wider audience **Infantry Journal** ,1920 *Armor* ,1916 *Special Bibliographic Series* US Army Military History Research Collection,1975
