St Thomas Aquinas 1274-1974 Commemorative Studies:

St. Thomas Aquinas, 1274-1974; Commemorative Studies, 1974 *Saint Thomas Aquinas: The person and his work* Jean-Pierre Torrell, 2005 Highly acclaimed as the most reliable thorough and accessible introduction to Thomas Aquinas this first volume in Jean Pierre Torrell's set of books on the great Dominican theologian has been revised to include a new appendix The appendix consists of additions to the text the catalog of Aquinas's works and the chronology Each item in the appendix is called out in the original part of the book with an asterisk in the margin This is the introduction to Thomas presenting all the known facts of his life and work tracing the themes of his writing out of his juvenilia and following the influence of his thought in the years immediately after his death First Things The most up to date biography available Choice

St Thomas Aquinas, 1274-1974 Pontifical Institute of Mediaeval Studies, 1974 **Saint Thomas Aquinas on the Existence of God** Joseph Owens, 1980-01-01 This book puts before the reader a succinct and philosophically valid interpretation of St Thomas Aquinas arguments for the existence of God by a modern historically grounded interpreter of his thought Father Joseph Owens is well known for the exacting care with which he prepares his articles and the solid scholarly apparatus with which he supports them His knowledge of Greek Latin Aristotelian as well as the Thomistic corpus is profound and he is conversant with the various interpretative traditions within Aristotelianism and Thomism in ancient medieval and modern times in their appropriate languages This volume will challenge the reader yet it includes everything to help comprehend the position of St Thomas Aquinas on this central issue **Participation and Substantiality in Thomas**

Aquinas Rudi A. Te Velde, 1995 This book offers a philosophical analysis of the main themes and problems of Aquinas metaphysics of creation centred on the concept of participation the systematical meaning of which is examined in a critical discussion of the prevailing views of contemporary Thomas scholars *Aquinas's Summa Theologiae* Jeffrey Hause, 2018-03-15 Alone among Thomas Aquinas works the Summa Theologiae contains well developed and integrated discussions of metaphysics ethics law human action and the divine nature The essays in this volume by scholars representing varied approaches to the study of Aquinas offer thorough cutting edge expositions and analyses of these topics and show how they relate to Aquinas larger system of thought The volume also examines the reception of the Summa Theologiae from the thirteenth century to the present day showing how scholars have understood and misunderstood this key text and how even after seven centuries of interpretation we still have much to learn from it Detailed and accessible this book will be highly important for scholars and students of medieval philosophy and theology *Saint Thomas Aquinas* Jean-Pierre Torrell, OP, Jean-Pierre Torrell, 2022-08-26 The presentation of the life and work of any great thinker is a formidable task even for a renowned scholar This is all the more the case when such a historical figure is a saint and mystic such as Friar Thomas Aquinas In this volume Fr Jean Pierre Torrell OP masterfully takes up the strenuous task of presenting such a biography providing readers with a detailed scholarly and profound account of the thirteenth century theologian whose works have not

ceased to draw the attention of both friend and foe In this volume Fr Torrell an internationally renowned expert on St Thomas speaks to neophytes and experts alike for those new to Thomas s works he paints an engaging human portrait of Friar Thomas in his historical context for specialists he provides a rigorous scholarly account of contemporary research concerning Thomas s life and work This new edition of Fr Torrell s widely lauded text involved significant revision expansion and bibliographical updates in light of the latest scholarship The Catholic University of America Press is pleased to present such an eminent specialist s mature synthesis concerning Friar Thomas Aquinas **Thomas Aquinas's Relics as Focus for Conflict and Cult in the Late Middle Ages** Marika Räsänen,2025-10-01 This book offers a new way of looking at Saint Thomas Aquinas not as a living man but as a posthumous source of relics Marika R s nen delves deep into the strange relationship between Aquinas s physical remains and the devotional moments they enabled in many cases in situations where the actual relics were not present but were recreated verbally pictorially or allegorically Both the actual relics and these extended manifestations of them R s nen shows were equally real to the medieval spectator though the question of the material presence of Aquinas s remains became increasingly important over time amid the political tumult of southern Italy

Aquinas's Summa Theologiae and Eucharistic Sacrifice in the Early Modern Period M. P. M. Lynch,2023-12-01 This book is focused on the reception history of Thomas Aquinas account of Eucharistic sacrifice during the sixteenth and early seventeenth centuries Although the sacrificial character of the Eucharist has been of interest to theologians throughout the Church s history during the early sixteenth century renewed attention was given to this subject in part because of disputes that arose between Reformed and Catholic theologians about the relationship between the Eucharistic liturgy and Christ s sacrifice on the cross Does the Eucharistic presence itself have a sacrificial quality Can aspects of the liturgy or dimensions of the moral life be considered a sacrifice and if so in what way The emergence of these and other new questions in Eucharistic theology at the beginning of the sixteenth century coincided with a shift within the practice of theology in universities that began to emphasize Aquinas Summa theologiae as the standard text of theological instruction in place of Peter Lombard s Sentences Because of the Summa s relatively late ascendancy as a text of commentary and instruction studying the Summa s reception history involves the interpreter in a complex textuality Although itself a product of the middle ages as a received text the Summa is in many ways a creature of the early modern period Interpreting the reception of this text therefore requires one to consider not only the Summa in its original environment but the life of this same text as it was received in new interpretive contexts *Thomas Aquinas' Trinitarian Theology* Timothy L Smith,2003 Thomas presentation of Trinitarian doctrine in his Summa Theologiae is an essential text for anyone interested in the great Dominican s theology One finds here the meeting of a host of philosophical and theological issues
