Stan Kenton The Studio Sessions A Discography

Derrick Bang

Stan Kenton The Studio Sessions A Discography:

Stan Kenton Michael Sparke, Pete Venudor, 1998 **Stan Kenton** Michael Sparke, 2010 An expert on Stan Kenton Sparke delivers a comprehensive history of Kenton's activities as a bandleader and creative force in jazz Based largely on interviews with Kenton and members of the various incarnations of his orchestra the book shows how the Kenton sound evolved over four decades focusing on the role that Kenton himself played in that development While Sparke's style is sometimes a bit florid his vast knowledge and enthusiasm for his subject is evident throughout the book Likely to become the standard history of Kenton's orchestra this book will be enjoyed by any reader interested in the history of big band jazz Annotation 2010 Book News Inc Portland OR booknews com *If It Swings, It's Music* Gabe Baltazar, Theo Garneau, 2012-05-17 Hawai'i's legendary jazz musician Gabe Baltazar Jr has thrilled audiences since the late 1940s with his powerful and passionate playing In this the first book on his life and career Gabe takes readers through the highs lows and in between on the long road to becoming one of the very few Asian Americans who has achieved worldwide acclaim as a jazz artist At a young age Gabe was encouraged by his father an accomplished musician to take up the clarinet and saxophone As a teenager during World War II Gabe performed with the Royal Hawaiian Band but spent his weekends playing in swing bands After establishing himself in the West Coast jazz scene in 1960 he rose to prominence as lead alto saxophonist of the Stan Kenton Orchestra Following a four year stint with Kenton Gabe worked as a valued studio musician recording with Dizzy Gillespie Oliver Nelson and James Moody among others In 1969 he returned to Honolulu and went on to become Hawai'i's premier jazz artist a role he admirably fulfilled for over forty years Even into his eighties Gabe remained active in jazz education and performed regularly Gabe's memorable encounters with some of the greatest names in jazz and popular entertainment will delight music fans while readers of Hawai'i and Asian American life writing will find in this work a fond record of days past told with humor and heart [Listen to Jazz!](#) Melissa Ursula Dawn Goldsmith, 2025-06-12 Listen to Jazz Exploring a Musical Genre explores jazz as both an American musical genre and a global creative exchange with a focus on 50 must hear musicians composers bands groups albums and songs Rather than focusing on jazz as a solely American genre with a limited set of established jazz greats Listen to Jazz explores the diversity of jazz's sounds compositions recordings and styles A background chapter concisely surveys the genre's sounds concepts performance practices and interactions with the sound recording industry and technological advances in recording The A to Z Must Hear Music entries include recent jazz musicians from around the world jazz musicians and recordings that have been marginalized or overlooked as well as musicians songs and albums that have been recognized already for contributing to the defining aspects of specific jazz styles Chapters on the impact of jazz on popular culture and its legacy as well as a bibliography enhance the historical and analytical content found in many jazz resources This book stands out for its inclusive and comparative listening centered approach often pairing or grouping musicians and recordings in its entries Music concepts such as improvisation syncopation

tone color musical structure harmonic and rhythmic patterns and music production techniques are introduced and explained thoroughly making the book accessible to high school and undergraduate students without any previous musical background while still being of interest to jazz aficionados and scholars *Fifties Jazz Talk* Gordon Jack, 2004-08-27 More than 25 musicians who first came to prominence during the 1950s are the subject of this collection of interviews The author's purpose has been to help preserve the oral history of a great American artform and this book reveals that jazz musicians who can tell a story with their horn when improvising can be just as articulate in conversation *Straighten Up and Fly Right* Will Friedwald, 2020-04-03 One of the most popular and memorable American musicians of the 20th century Nat King Cole 1919-65 is remembered today as both a pianist and a singer a feat rarely accomplished in the world of popular music Now in this complete life and times biography author Will Friedwald offers a new take on this fascinating musician framing him first as a bandleader and then as a star In Cole's early phase Friedwald explains his primary task of keeping his trio going was just as much of a focus for him as his own playing and singing always a collective or group performance In the second act Cole's collaborators were more likely to be arranger conductors like Nelson Riddle and Gordon Jenkins rather than his sidemen on bass and guitar In the first act his sidemen were equals in the second phase his collaborators were tasked exclusively with putting the focus on him making him sound good while being largely invisible themselves Friedwald brings his full musical knowledge to bear in putting the man in the work demonstrating how this duality appears over and over again in Cole's life and career jazz vs pop solo vs trio piano vs voice wife number one Nadine vs wife number two Maria the good songs vs the less than good songs the rhythm numbers vs the ballads the funny songs and novelties vs the serious songs of love and loss Cole as an advocate for the Great American Songbook vs Cole the intrepid explorer of other options world music rhythm for roughly ten years after the war the majority of hitmakers on the pop charts were veterans of the big band experience from Sinatra on down **Vince Guaraldi at the Piano, 2d ed.** Derrick Bang, 2024-05-01 Although Vince Guaraldi's playful jazz piano themes for the early Peanuts animated television specials are well known the composer himself remains largely unheralded More than merely the Peanuts guy Guaraldi cut his jazz teeth as a member of combos fronted by Cal Tjader and Woody Herman and garnered Top 40 fame with his Grammy Award winning hit *Cast Your Fate to the Wind* This career study extensively updated gives Guaraldi long overdue recognition chronicling his years as a sideman his attraction to the emerging bossa nova sound of the late 1950s his collaboration with Brazilian guitarist Bola Sete his development of the Grace Cathedral Jazz Mass his selection as the fellow to put the jazz swing in Charlie Brown's step and his emergence as a respected veteran in the declining Northern California jazz club scene of the 1970s Ironically his place in the jazz universe has grown exponentially since this book's initial 2012 publication and this second edition acknowledges such honors and features a wealth of new material *Cumulated Index to the Books*, 1999 *Cadence* Bob Rusch, 1999 [American Book Publishing Record](#), 1998

The Engaging Realm of E-book Books: A Comprehensive Guide Revealing the Advantages of E-book Books: A World of Ease and Flexibility E-book books, with their inherent portability and ease of availability, have liberated readers from the constraints of physical books.
