

MODULE 3: GOALS

Learn why there
are two sides to
each court case
(trial).

Who are the
people in the
courtroom and
what do they do?

What are general
courtroom
procedures?

Remind your
client this is not a
test!

Module 3: The Juvenile Justice System

This is what you want to teach your client in Module 3:

That the legal process is two-sided by design.

Trials in juvenile court are called trials both in practice
and statute/rule.

At the trial, the client's defense attorney will tell the client's side
of the story, the prosecutor will tell their side of the story, and
the judge will decide if the prosecution has proved the charges.
(their side of the story).

At the trial, the judge determines whether the charges filed
against the juvenile are proven, and if you are guilty or not
guilty.

Review with the client the roles of the defense attorney and
prosecutor, and introduce additional courtroom personnel and
their roles in the courtroom.

Provide a basic overview of the general juvenile court
process in order to help them become familiar with what to
expect and to reduce their anxiety about participating in
their own court proceedings.

KNOWLEDGE ASSESSMENT

To find out what your client already knows about this area, you
must ask them the following questions **BEFORE** you begin the
module. To determine how much they know, you will ask them the
same questions after completing the module.

This is not a test and will not be graded! Reassure your client that
answering these questions will help you understand how to help
them better.

Ask each question clearly and slowly so your client understands
what you are asking. You can repeat each question as many times
as the client needs. Ask one question at a time and wait for the
answer before moving to the next question.
