The Kid from Hoboken Bill Bailey, 1993-01-01 *The Kid from Hoboken* Bill Bailey, 1993 *Kid from Hoboken: An Autobiography* by Bill Bailey , Presents an online version of The Kid from Hoboken An Autobiography by Bill Bailey published by Larkspring Productions Offers access to information on American author Bailey d 1995 The Agitator Peter Duffy, 2019-03-19 This story of an anti fascist s dramatic and remarkable victory against Nazism in 1935 is an inspiration to anyone compelled to resist when signs of oppression are on the horizon By 1935 Hitler had suppressed all internal opposition and established himself as Germany s unchallenged dictator Yet many Americans remained largely indifferent as he turned his dangerous ambitions abroad Not William Bailey Just days after violent anti Semitic riots had broken out in Berlin the SS Bremen the flagship of Hitler s commercial armada was welcomed into New York Harbor Bailey led a small group that slipped past security and cut down the Nazi flag from the boat in the middle of a lavish party A brawl ensued followed by a media circus and a trial in which Bailey and his team were stunningly acquitted The political victory ultimately exposed Hitler s narcissism and violent aggression for all of America to see The Agitator is the captivating story of Bailey s courage and vision in the Bremen incident the pinnacle of a life spent battling against fascism Bailey s story is full of drama and heart and it s an inspiration to anyone who seeks to resist tyranny **The Communist Party on the American Waterfront**

Vernon L. Pedersen, 2019-12-20 In the early years of the Great Depression the Marine Workers Industrial Union MWIU was a colorful presence on the American Waterfront In 1935 the MWIU seemed to vanish closing its halls and stopping its publications Vernon L Pedersen convincingly demonstrates that the MWIU did not vanish instead it was ordered by the Moscow based Communist International to send its members into mainstream ALF unions and take over from the inside Initiated by accident on the west coast and deliberately duplicated in the east the Communists seized control of the west coast longshoremen s union destroyed the International Seamen s Union and created the Communist dominated National Maritime Union *Marx, Lenin, and the Revolutionary Experience* Paul LeBlanc, 2014-06-03 Marx Lenin and the Revolutionary Experience offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and trends toward deadening de spiritualization the book shows how the revolutionaries of the past are still relevant to today s struggles It offers a clearly written and carefully reasoned thematic discussion of globalization Marxism Christianity and religion in general Communism the history of the USSR and US radical and social movements San Francisco Reds Robert W. Cherny, 2024-05-07 Founded in 1919 the Communist Party CP in San Francisco survived an ineffectual early period to become a force in the trade union heyday of the 1930s Robert Cherny uses the lives and careers of

more than fifty members to tell the story of the city's CP from its founding through 1958 Cherny draws on FBI files the records of the CP at the Russian State Archive for Social and Political History interviews and memoirs to follow male and female party and union leaders rank and file members and others His history reveals why people joined the CP while charting the frequent changes in policy constant member turnover and disruptive factionalism that limited party aims and successes Cherny also follows his subjects through their resignations expulsions or other reasons for departure and looks at the CP's influence on their lives in subsequent years Vivid and exhaustively researched *San Francisco Reds* is a long view account of the personal motivations and activism of an Old Left generation in a West Coast city **Red Seas** Gerald Horne, 2009-09

During the heyday of the U S and international labor movements in the 1930s and 1940s Ferdinand Smith the Jamaican born co founder and second in command of the National Maritime Union NMU stands out as one of the most if not the most powerful black labor leaders in the United States Smith's active membership in the Communist Party however coupled with his bold labor radicalism and shaky immigration status brought him under continual surveillance by U S authorities especially during the Red Scare in the 1950s Smith was eventually deported to his homeland of Jamaica where he continued his radical labor and political organizing until his death in 1961 Gerald Horne draws on Smith's life to make insightful connections between labor radicalism and the Civil Rights Movement demonstrating that the gains of the latter were propelled by the former and undermined by anticommunism Moreover *Red Seas* uncovers the little known experiences of black sailors and their contribution to the struggle for labor and civil rights the history of the Communist Party and its black members and the significant dimensions of Jamaican labor and political radicalism Second String Red Albert Vetere Lannon, 1999-01-01 In this fascinating biography Albert Lannon son of Al Lannon offers a scholarly look at his father's life and development as an American Communist Beginning with Al Lannon's days as a teenage runaway and following his career in the Party the author utilizes primary and secondary sources to document this extraordinary life in depth Concluding the book with his own perspectives on his father's life Lannon presents a unique and personal view of this important figure in American labor history *Second String Red* will be of great interest to scholars of American trade unionism and communism

Facing Fascism Peter N. Carroll, James D. Fernandez, 2007-03 When the Spanish Civil War began in 1936 loosely affiliated groups of writers artists and other politically aware individuals emerged in New York City to give voice to anti fascist sentiment by supporting the Spanish Republic *Facing Fascism* New York and the Spanish Civil War examines the participation of New Yorkers in the political struggles and armed conflict that many historians consider a critical precursor to World War II Nearly half of the 2 800 Americans who volunteered to fight in the Abraham Lincoln Brigade against Generalissimo Francisco Franco came from the New York area Fundraising propaganda and deployment for anti fascists everywhere in America were orchestrated through New York City At the same time powerful voices in New York expressed sympathy for the pro fascist side The fighting in Spain brought to the surface the complex ideological and ethnic identities

always present in New York politics Facing Fascism examines the full range of this experience including that of the New Yorkers who supported Franco It addresses the role of doctors nurses and social workers who left New York hospitals to provide assistance to the defenders of the Spanish Republic as well as those who remained active on the home front The book also describes the involvement of students in the war the key role of writers and the media and the contributions made by members of New York s art and theater communities Facing Fascism also serves as the catalog to an exhibition of the same name appearing at the Museum of the City of New York in the spring of 2007 The book and exhibition both make use of the Abraham Lincoln Brigade Archives extensive holdings which range from historical documents to video recordings of oral histories Numerous other libraries archives museums and private collectors have also been consulted to make this the most complete exhibition of its kind ever mounted The exhibition will also appear in Spain *Reworking Race* Moon-Kie

Jung,2010-02-26 In the middle decades of the twentieth century Hawai i changed rapidly from a conservative oligarchy firmly controlled by a Euro American elite to arguably the most progressive part of the United States Spearheading the shift were tens of thousands of sugar pineapple and dock workers who challenged their powerful employers by joining the left led International Longshoremen and Warehousemen s Union In this theoretically innovative study Moon Kie Jung explains how Filipinos Japanese Portuguese and others overcame entrenched racial divisions and successfully mobilized a mass working class movement He overturns the unquestioned assumption that this interracial effort traded racial politics for class politics Instead the movement reworked race by incorporating and rearticulating racial meanings and practices into a new ideology of class Through its groundbreaking historical analysis *Reworking Race* radically rethinks interracial politics in theory and practice **Post-Cold War Revelations and the American Communist Party** Vernon L. Ryan,Katherine A. S. Sibley,2021-01-14 Of all the third party movements in American history none have been as controversial as the Communist Party of the United States of America Although denounced as a tool of the Soviet Union accused of espionage and charged with advocating the revolutionary overthrow of the American government before WWII it had been an accepted part of the political landscape This collection offers an intriguing insight into this controversial political party in light of the Moscow archives that were made accessible after the end of the Cold War This collection of original essays explores new aspects in the history of American Communism drawing on a range of documents from Moscow and Eastern Europe Examining traditional subjects in the light of new evidence the essays cover a range of topics including party leaders espionage campaigns against racism the Spanish Civil War communism and gender the fate of members after the McCarthy era and ways in which Communists became Anti Communists *HOW TO ACQUIRE BOOKS LISTED IN CURRENT CONTENTS* ,1996 *Catalogue of the Officers and Alumni of Rutgers College (originally Queen's College) in New Brunswick, N.J., 1766-1916* Rutgers College,1916 *History of the Municipalities of Hudson County, New Jersey, 1630-1923* Daniel Van Winkle,1924 **Catalogue of the Officers and Alumni of Rutgers College... 1766 to 1916**
