The Kidwells A Family Odyssey:

The Kidwells Dwayne E. Walls, 1983 **Sallie Stockard and the Adversities of an Educated Woman of the New South** Carole W. Troxler, 2021-12-15 Sallie Stockard 1869 1963 the first female graduate of the University of North Carolina published three county histories between 1900 and 1904 Thereafter she lived an obscure and difficult life that reveals much about the many challenges women of that time faced Encouraged by New South educational mentors she countered restrictions on women with diligence and self promotion Carole Troxler discloses Stockard's professional and personal hindrances resourcefulness failures and triumph following her to New England the Southwest and New York Like her subject Troxler lives in Alamance County and her publications include its history **Appalachians All** Mark T. Banker, 2011-05-01 *Appalachians All* intertwines the histories of three communities Knoxville with its urban life Cades Cove with its farming logging and tourism legacies and the Clearfork Valley with its coal production to tell a larger story of East Tennessee and its inhabitants Combining a perceptive account of how industrialization shaped developments in these communities since the Civil War with a heartfelt reflection on Appalachian identity Mark Banker provides a significant new regional history with implications that extend well beyond East Tennessee's boundaries Writing with the keen eye of a native son who left the area only to return years later Banker uses elements of his own autobiography to underscore the ways in which East Tennesseans particularly successful urban dwellers often distance themselves from an Appalachian identity This understandable albeit regrettable response Banker suggests diminishes and demeans both the individual and region making stereotypically Appalachian conditions self-perpetuating Whether exploring grassroots activism in the Clearfork Valley the agrarian traditions and subsequent displacement of Cades Cove residents or Knoxville's efforts to promote trade tourism and industry Banker's detailed historical excursions reveal not only a profound richness and complexity in the East Tennessee experience but also a profound interconnectedness Synthesizing the extensive research and revisionist interpretations of Appalachia that have emerged over the last thirty years Banker offers a new lens for constructively viewing East Tennessee and its past He challenges readers to reconsider ideas that have long diminished the region and to re-imagine Appalachia And ultimately while *Appalachians All* speaks most directly to East Tennesseans and other Appalachian residents it also carries important lessons for any reader seeking to understand the crucial connections between history self and place
