## **The King Arthur Conspiracy:**

The King Arthur Conspiracy Grant Berkley, 2005      **The King Arthur Conspiracy** Simon Andrew Stirling, 2012-02-29 Arthur led the Britons to the brink of victory but was cut down by treachery and betrayal Arthurian legends have since been corrupted leading to popular but false assumptions about the king and the belief that his grave could never be found Drawing on a vast range of sources and new translations of early British and Gaelic poetry Arthur explodes these myths and exposes the shocking truth In this the first full biography of Arthur Simon Andrew Stirling provides a range of proofs that Artuir mac Aedain was the original King Arthur he identifies the original Camelot the site of Arthur s last battle and his precise burial location For the first time ever the role played by the early Church in Arthur s downfall and the fall of North Britain is also revealed This includes the Church s contribution to fabricated Arthurian history the unusual circumstances of his burial and the extraordinary history of the sacred isle on which he was buried      **The King Arthur Conspiracy** Simon Stirling, 2020-05-15 A controversial book offering evidence that Arthuir mac Aedain was the real King Arthur and locates his final burial place      **The King Arthur Quest** Clayton Donoghue, 2018-10-04 Who was King Arthur A man or a myth Was he a living breathing figure in medieval history or is he merely a timeless literary character in a beloved fairy tale King Arthur is a monumental figure as we know him but will the search for the real King Arthur prove the legend or will it undermine his majesty The King Arthur Quest takes a deep look into discovering the true person behind the great legend of King Arthur and whether the man really existed at all Author Clayton Donoghue investigates a number of sources of the stories behind the man and it turns out that the legendary king was real all right but that he may not be as exciting as what some people like Geoffrey Monmouth have made the king out to be Nevertheless the real King Arthur lived in the Dark Ages when Briton was being overrun by the Irish the Picts and the Anglo Saxons and these were desperate times of survival completely void of knights in shining armour yet from this turbulence clerics and scribes managed to keep records that survive today revealing Arthur s true identity King Arthur may not have been part of the age of chivalry or even a king at all Yet tracing his legacy in both history and in fiction can tell us something about who he was and why he was important both for the people arising out of the Dark Ages and for us today      The King Arthur Mysteries Timothy Venning, 2021-06-09 An up to date and comprehensive guide to the history of the Arthurian phenomenon the imaginary and historical world of the great British warlord and one of the huge historical mysteries of early and medieval Britain The Arthurian story based on fact and fiction is central to Britain s creation myth and the concept of Britain s heroic past This is a deeply researched and scholarly but essentially accessible history and analysis for general readers and specialists and based on an impressive array of sources including Romano British Anglo Saxon rare medieval English French and German sources and archaeology essential for modern historical research in early history Modern and contemporary historiography is covered including debunking treatments The study surveys King Arthur in fact and fiction his family knights and the legends that have grown up around

them and developed to the enduring interest from history literature to TV and film *King Arthur* Nicholas J. Higham, 2018-11-20 A leading medievalist takes a clear eyed look at the evidence for the existence of the legendary Arthur The Sunday Times Best Paperbacks of 2021 According to legend King Arthur saved Britain from the Saxons and reigned over it gloriously sometime around A D 500 Whether or not there was a real King Arthur has all too often been neglected by scholars most period specialists today declare themselves agnostic on this important matter In this erudite volume Nick Higham sets out to solve the puzzle drawing on his original research and expertise to determine precisely when and why the legend began Higham surveys all the major attempts to prove the origins of Arthur weighing up and debunking hitherto claimed connections with classical Greece Roman Dalmatia Sarmatia and the Caucasus He then explores Arthur s emergence in Wales up to his rise to fame at the hands of Geoffrey of Monmouth Certain to arouse heated debate among those committed to defending any particular Arthur Higham s book is an essential study for anyone seeking to understand how Arthur s story began Likely to be the definitive text on the legendary warrior for the foreseeable future With his profound knowledge of the rules of historical narrative and patient but forensic analysis of the evidence Higham s riveting book brings the historical Arthur to what may be his last decisive battle Max Adams author of *The First Kingdom* Fascinating authoritative analysis P D Smith The Guardian Intelligent and eminently readable For fans of a fascinating story that is wonderfully well told this is the perfect book to take you back to King Arthur s time All About History **King Arthur** Daniel Mersey, 2013-07-20 From his court at Camelot King Arthur ruled over a unified Britain in a mythical age of peace and prosperity His glory however would be short lived For even as he drew the sword from the stone a doom settled over Arthur that would see his kingdom fall to betrayal and war In this book Daniel Mersey retells the great stories of Arthur from his winning of Excalibur and his marriage to Guinevere through his battle with the giant in France and his war against the army of Rome to the treachery of Mordred and his death at Camlann Supporting this narrative is an exploration of the different facets of Arthurian myth including the numerous conflicting theories of his historical origin the tales of Welsh folklore and Medieval romance and even his various portrayals in the modern media Presented with both classic and newly commissioned artwork this book is an easy to read yet highly detailed introduction to the complex body of myth and legend that surrounds Britain s greatest hero *King Arthur* Caleb Howells, 2019-05-15 This book explores a part of the King Arthur story often ignored his exploits on the continent By reexamining the evidence Howell challenges convention and offers a compelling argument that connects the legend with a real historical event involving the invasion and conquest of much of Western Europe The Discovery of the Ark of the Covenant Alan Wilson, Barum Blackett, 2007-08-29 British history records that there were tow major migrations form the near east into Britain in antiquity One was the fleet migration form Syria led by Albyne around 1560 BC and the other was the second fleet migration from the Trojan Dardanelles areas in Western Turkey led by Brutus around 504 BC Ancient alphabet inscriptions and other tangible and written records show that the second

migration was that of the Ten Tribes of Israel The same ancient Alphabet is found all the way along the British migration routes from Palestine to Assyria through Asia Minor to the Aegean and to Etruscan Italy and Rhaetian Switzerland In Britain the Ten Tribes were known as the Khumry This research began in 1976 some 31 years ago and it has met with nothing but opposition and obstruction Around 1360 BC Moses has the fabulous box called the Ark of the Covenant made This holy box was the national talisman of the Hebrew nation It was revered as the place of the presence of the god Yahweh and the most holy thing belonging to the Hebrew nation A series of events that included the Ark being seen as an invincible means of military success and in one disaster being captured by the Philistines ended when King David placed the Ark in the care of the family of Obed Edom and he took the Ark to Jerusalem around 975 BC along with the family of Obed Edom The next King was Solomon and he built a celebrated temple in Jerusalem to house the Ark where annually the high priest entered the holy of holies chamber to serve the divine box Nothing much is said of the Ark until c 790 BC the Judean King Ahaziah attached the Israelite King Jehoash and was totally defeated The victorious Jehoash then went to Jerusalem where he took everything from the palace and everything from the temple and he also took away the family of Obed Edom who are the family mentioned several times in the Bible as guardians of the Ark guardians of the Ark Therefore Jehoash removed the Ark from Jerusalem and took it north to Samaria Nothing is said in the Biblical record of the Ark being anywhere near Jerusalem after this event in circa 790 BC In 740 736 BC the Judean King Ahaz paid a huge bribe to the Assyrian Emperor Tiglathpileser III to attack King Pekah of Ten Tribe Israel and as a result Israel was totally crushed by the Assyrian army A large number of Israelite nobles and leaders were immediately deported north to areas around Harran from where the patriarch Abraham has begun his migrations In successive campaigns by the Assyrian emperors Shalmaneser IV Sargon II and Sennacherib great numbers of the Israelite nation were deported north and up into the areas north of Harran In 702 BC Sennacherib recorded how he deported 200 120 people in one mass exodus The Assyrian records unmistakably and persistently call the Ten Tribes as the Khumry It is a virtual certainty that these deported Ten Tribes took the Ark with them from Israel Sennacherib was murdered by two of his sons in c 687 BC and civil war convulsed the Assyrian Empire and as the heir Esarhaddon fought the murders the massed Ten Tribes took the opportunity to move westwards across both the upper branches of the Y shaped Euphrates river as described in the Book of Esdras II They moved slowly and unstoppably through Asia Minor and the Greeks recorded their migration as that of the Kimmerio Khumry There is a record of the Khumry having the Ark with them on this journey from north of Assyria through Asia Minor and to the Dardanelles Finally around 650 BC the nation split into two and one half migrated to Italy whilst the other half remained in the areas around Byzantium until circa 504 BC when they gathered on the island of Lemnos before sailing to Britain in the fleets An inscribed stone that was found on Lemnos in 1876 and now in the Athens museum that records this gathering and the intent to sail to Britain Either the Ark was taken to Etruscan Italy in circa 650 BC or it remained near the Dardanelles until around 504 BC before being brought into Britain The

fact is that the Greal or Holy Greal is simply a record and a comparison would be that the Bible the Koran the American Declaration of Independence or the Two Tablets brought down the mountain by Moses would all be greals Britain is the land of the Holy Greal The search was begun to locate the Ark in Britain and this proved to be relatively straightforward but technically different The persistent ancient legend in the area north of Cardiff is that a great chest lies buried and this chest is guarded by two Cigfrangawr Giant Ravens It is not difficult to perceive that this great chest is the Ark that has two golden Cherubim fearsome dragons figures What emerged was that these had been a direct transfer of culture from Israel to Britain and all across the hills of South Wales there are gigantic mounds and these huge mounds are named and set out in a pattern to mirror the pattern of the major stars in the heavens Then there are several ancient tales that tell of the great plants moving on their orbits and being in conjunction with the main stars of the various constellations The journeys of the planets seen as moving and not fixed stars are tracing out routes that can be followed around the Star t Mound Maps on the ground In short our British ancestors left us clear records of where to go The Ark is at a place where the giant mound marks the start Regulus in Leo the Lion the Judean emblem The ancient place name is The Enclosure of the Ark and the central area is The Place of Worship The top of the large hillock has clearly been molded by the hand of man and satellite photography showed spoil heaps tumbling down the slopes form a tunnel excavated horizontally to underground chambers Five very ancient drainage systems of the type used in antiquity to drain and keeps chambers dry are clearly evident Amazingly the Above sea Levels readings of satellite photography proved absolutely that the top 60 feet of this low dome shaped hill is a man made construction This is unassailable incontrovertible and absolute scientific proof of the highest order Ground penetrating radar and other methods shows at least two underground chambers and deep reading g electronic metal detection identifies a large non ferrous box of around four feet long and two feet wide This is the precise size of the Ark of the Covenant An approach has been made to the Welsh National Assembly and hopefully something positive will at last be done to restore Khumric British heritage cultures and history      King Arthur's Knights Henry Gilbert,1911 Recounts the exploits of King Arthur and his knights at the court of Camelot and elsewhere in the land of the Britons      **The Dangerous Man** Karen Sawyer,2012-11-01 A collection of controversial research and alternative worldviews presenting new and exciting ways of thinking about life as we know it      *The Arthurian World* Victoria Coldham-Fussell,Miriam Edlich-Muth,Renée Ward,2022-06-30 This collection provides an innovative and wide ranging introduction to the world of Arthur by looking beyond the canonical texts and themes taking instead a transversal perspective on the Arthurian narrative Together its thirty four chapters explore the continuities that make the material recognizable from one century to another as well as transformations specific to particular times and places revealing the astonishing variety of adaptations that have made the Arthurian story popular in large parts of the world Divided into four parts The World of Arthur in the British Isles The European World of Arthur The Material World of Arthur and The Transversal World of Arthur the volume tracks the

legend's movement across temporal geographical and material boundaries Broadly chronological each part views the unfolding Arthurian story through its own lens while temporal and geographical overlaps between the sections underscore the proximity of these developments in the legend's history Ranging from early Latin chronicles and Welsh poetry to twenty first century anime and political conspiracies this comprehensive and illuminating book will be of interest to anyone researching Arthurian literature or tracing the evolution of medievalism through literature the visual arts and popular culture
