A Biblical Study Guide for Equal Pulpits Young Lee Hertig, 2022-03-24 The transformation of patriarchal church culture begins with gender equality in the pulpit For too long the Christian pulpit has been monopolized by men This pattern is especially pronounced in evangelical Asian American and Latinx congregations where women's voices are marginalized and male dominance is reinforced in the church as well as the family The

consequences are enormous oRobbing the church of the fullness of the gospel oSilencing the voices of women preachers
 oMasculinizing Christianity oLosing younger generations of women leaders oModeling structural power inequality
 oIncreasing violence against women Making academic hermeneutical work accessible for the pulpit A Biblical Study Guide
 for an Equal Pulpit reappropriates a gendered approach to biblical texts Among the perspectives investigated Kay Higuera

 Mental Health Counseling for Men: Practical Strategies and Effective Engagement Bates, Daniel,2024-05-20 In recent
 times researchers theorists and mental health counselors have directed increased attention toward understanding and
 effectively treating men s mental health issues However a significant stumbling block persists comprehensive and evidence
 based recommendations for mental health professionals are notably scarce This glaring gap leaves practitioners grappling
 with uncertainty struggling to comprehend how to adeptly engage and clinically treat men in therapy As societal trends show
 alarming rates of suicide substance abuse and a reluctance among men to seek mental health services the call for innovative
 and creative strategies becomes increasingly urgent *Mental Health Counseling for Men Practical Strategies and Effective
 Engagement* is a groundbreaking exploration that boldly confronts the issue at hand The book recognizes the importance for
 mental health professionals to move beyond traditional approaches and embrace innovative strategies to effectively reach
 and treat men Serving as a response to the escalating crisis the book acts as a guide that seamlessly blends theoretical
 insights practical counseling approaches and evidence based interventions By unearthing the underlying challenges
 contributing to the disproportionate rates of mental health issues among men this book aims to equip mental health
 counselors with the knowledge and tools needed to address and reverse these alarming trends It connects the interest in men
 s mental health with the lack of practical advice providing a path for practitioners to transform men s mental health care
