

The Kings Ghost

Henry Rider Haggard

The Kings Ghost:

The King's Ghost Gaurav Garg, He was the perfect medieval lord a brilliant military commander a just ruler of his own lands and a loyal servant to the English Crown But the decadent court of King Edward II ruled by the whims of grasping favourites proved too corrupt to command his allegiance After being betrayed and left to die in the infamous Tower of London Roger Mortimer achieves the impossible a daring prison escape that makes him a living legend and the most wanted man in the kingdom Fleeing to France he finds his destiny intertwined with that of the humiliated and spurned Queen Isabella Together their shared desire for vengeance and a passion that will become the scandal of a continent forges a powerful alliance Her royal legitimacy and his military genius create an unstoppable force that overthrows the English government and places her young son Edward III on the throne But their victory is hollow secured by a dark and terrifying secret regarding the fate of the deposed king As Mortimer and Isabella rule as regents the weight of this lie begins to consume him Whispers of a king who may have survived his own murder ignite a paranoia that transforms Mortimer from a liberator into a ruthless tyrant His every move is now dictated by the fear of exposure leading him to commit an act of shocking brutality that turns the entire realm against him Now the quiet watchful boy he placed on the throne is a king in his own right gathering a small band of loyal knights for a final desperate gamble a secret coup to topple the most powerful man in England and reclaim the soul of the kingdom

The Ghost Kings Henry Rider Haggard, 1926 *The First Ghosts* Irving Finkel, 2021-11-11 It's enthralling stuff mixing the scholarly with the accessible and placing storytelling right at the heart of the human experience History Revealed A fascinating journey Yorkshire Post Marvellous Finkel is an expert in Mesopotamian cultures at the British Museum and is one of the most clever and nicest of people it has ever been my pleasure to encounter A fascinating journey The Scotsman There are few things more in common across cultures than the belief in ghosts Ghosts inhabit something of the very essence of what it is to be human Whether we personally believe or not we are all aware of ghosts and the rich mythologies and rituals surrounding them They have inspired fascinated and frightened us for centuries yet most of us are only familiar with the vengeful apparitions of Shakespeare or the ghastly spectres haunting the pages of 19th century gothic literature But their origins are much much older The First Ghosts Most Ancient of Legacies takes us back to the very beginning A world renowned authority on cuneiform the form of writing on clay tablets which dates back to 3400BC Irving Finkel has embarked upon an ancient ghost hunt scouring these tablets to unlock the secrets of the Sumerians Babylonians and Assyrians to breathe new life into the first ghost stories ever written In The First Ghosts he uncovers an extraordinarily rich seam of ancient spirit wisdom which has remained hidden for nearly 4000 years covering practical details of how to live with ghosts how to get rid of them and bring them back and how to avoid becoming one as well as exploring more philosophical questions what are ghosts why does the idea of them remain so powerful despite the lack of concrete evidence and what do they tell us about being human
