Geography and Nationalist Visions of Interwar Yugoslavia Vedran Duančić, 2020-08-21 This book is the first historical work to examine the notion of national territories in Yugoslavia a concept fundamental for the understanding of Yugoslav history Exploring the intertwined histories of geography as an emerging discipline in the South Slavic lands and geographical works describing interwar Yugoslavia the book focuses on the engagement of geographers in the on going political conflict over the national question Duan i shows that geographers were uniquely equipped to address the creation of the new country and the numerous problems it faced as they provided accounts of Yugoslavia s past present and even future all of which were understood as inherently embedded in geography By analyzing a large body of geographical narratives on the Yugoslav state the book follows both the attempts to naturalize and present Yugoslavia as a sustainable political and cultural unit as well as the attempts to challenge its existence by pointing to unresolvable geographically conditioned tensions within it The book approaches geographical discourse in Yugoslavia as part of a wider European scientific network pointing to similarities and specifically Yugoslav characteristics

The Former Yugoslavia's Diverse Peoples Matjaz Klemencic Ph.D., Mitja Zagar, 2003-12-02 This authoritative exploration of the ethnic history of the former Yugoslavia traces the roots of the conflicts that convulsed the region in the 1990s At the end of the 20th century interregional conflicts in the former Yugoslavia culminated with Slobodon Milo evic s campaign of ethnic cleansing which led to NATO intervention and ultimately revolution What ignited these conflicts What can we learn from them about introducing

democracy in multiethnic regions What does the future hold for the region To answer these questions this timely volume examines the ethnic history of the former Yugoslavia From the settlement of the South Slavs in the 6th century to the present paying special attention to the post World War II era the crisis and democratization in the 1980s and the disintegration of the country in the early 1990s This comprehensive single volume traces the bloody history of the region through to the fragile alliances of its present day countries Creating a Socialist Yugoslavia Hilde Katrine Haug,2012-03-30 When the Yugoslav communists came into power in 1945 they claimed to have introduced a socialist solution to the Yugoslav national question But what did this claim imply Creating a Socialist Yugoslavia Tito Communist Leadership and the National Question charts the approach pursued by Yugoslav communist leaders from their endorsement in 1935 of a strategy committing to the search for a socialist solution to the national question within a multinational Yugoslav context until the party disintegrated in 1990 Hilde Katrine Haug examines the impact of the communist leadership's aspirations to create a socialist Yugoslavia on their management of national conflict in the highly heterogeneous Yugoslav state entity Ethnic Cleavages and Conflict Gojko Vuckovic,2018-12-17 First published in 1997 this volume explores ethnic conflict alongside the creation and disintegration of the short lived Yugoslav state 17 years after the death of Tito Processes of democratization tend to elicit differences within the population along deep seated ethnic religious and cultural differences Dr Gojko Vuckovic argues that the situation is no different in post Cold War Yugoslavia By setting out Yugoslavia's worst case scenario of ethnic tensions Dr Vuckovic hopes to inform responses to ethnic conflict in the wider modern world Peasant Renaissance in Yugoslavia 1900 -1950 Ruth Trouton,2013-09-05 This is Volume VIII of nine in a series on Historical Sociology Originally published in 1952 this is a study of Development of Yugoslav Peasant society as affected by education during 1900 to 1950 *Collections of United States Joint Publications Research Service Translations in the Social Sciences Emanating from Communist China* United States. in books and curricula on Western civilization The volumes are organized by geographic proximity and commonality in historical development allowing the countries to be both studied individually and juxtaposed against others in the region The first volume covers the northern tier of states the second looks at lands that were once part of the Hapsburg empire and the third examines the Balkan states Each chapter profiles a single country its geography history political development economy and culture and gives readers a glimpse of the challenges that lie ahead Vignettes on various topics of interest illuminate the unique character of each country

The Laissez-Faire Peasant Jovana Diković, 2025-01-14

In rural development studies there are two mainstream assumptions One holds that peasants are the victims of state rural development schemes the other that only planning can ensure change and prosperity in rural regions It is rarely considered that peasants are architects of their own and local wellbeing notions which are often in opposition to state plans for agriculture The *Laissez Faire Peasant* explores how rural development emerges on the ground The concept involves the manifestation of peasant worldviews in which autonomy in decision making freedom of action spontaneity and flexibility in everyday cooperation play a dominant role A role in which individual and local values generate a self regulating system that manages a range of economic social and political relationships The book examines manifestations of peasant autonomy both in response to and independent of state rural development policies through a multi sited ethnography of three Serbian villages It is shown how these factors impede state programs for rural development while enabling the spontaneous flourishing of local communities By focusing on the agency of rural residents the book finds that peasants are resilient and competent agents who do not need government plans to thrive Praise for *The Laissez Faire Peasant* Anthropologists and missionaries claim to love their peasants Economists and planners claim to help them Both look down Dikovi brilliantly proposes a new approach which might be called humanomics It gives respect looking up from where people actually live Deirdre Nansen McCloskey University of Illinois at Chicago This is an ethnographically rich and conceptually original study of post socialist peasantry and rural development in Serbia Jovana Dikovi draws a complex picture of the post socialist peasants as autonomous and resilient subjects motivated by the visions of rural development anchored in their local lifeworlds Agnieszka Joniak L thi University of Fribourg In her excellent study Jovana Dikovi challenges the narrative about Serbian peasants usually viewed as downtrodden and exploited underdogs in need of governmental help In this careful case study these peasants represent an entrepreneurial self reliant and individualistic social group that can survive and thrive even in the conditions of modern and technologically advanced capitalism Ivan Jankovi Institut auf dem Rosenberg **The**
