The Land beyond the Border Johannes Becke, 2021-05-01 Based on three case studies from the Timehri ,1886 Middle East The Land beyond the Border advances an innovative theoretical framework for the study of state expansions and state contractions Johannes Becke argues that state expansion can be theorized according to four basic ideal types a form of patronage patronization the imposition of a satellite regime satellization the establishment of territorial exclaves exclavization or a full fledged takeover incorporation Becke discusses how both irredentist ideologies and political realities have shaped the dynamics of state expansion and state contraction in the recent history of each state By studying Israel comparatively with other Middle Eastern regimes this book forms part of an emerging research agenda seeking to bring the research fields of Israel Studies and Middle East Studies closer together Instead of treating Israel s rule over the occupied territories as an isolated case Becke offers students the chance to understand Israel's settlement project within the broader framework of postcolonial state formation **The Land beyond the Mists** David Newbury, 2009-09-15 The horrific tragedies of Central Africa in the 1990s riveted the attention of the world But these crises did not occur in a historical vacuum By peering through the mists of the past the case studies presented in The Land Beyond the Mists illustrate the significant advances to have taken place since decolonization in our understanding of the pre colonial histories of Rwanda Burundi and eastern Congo Based on both oral and written sources these essays are important both for their methods viewing history from the perspective of local actors and for their conclusions which seriously challenge colonial myths about the area The Land Beyond Gudmundur Alfredsson, P. Macalister-Smith, 2021-10-18 This book collects Professor Atle Grahl

Madsen's essays on refugee law and policy in a single volume including commentary on the principles of refugee law and on important refugee crisis situations Arranged in chronological order the compilation of work contains all the author s scholarly English language articles dedicated to the needs and rights of refugees and asylum seekers The republication of these articles makes an important part of Atle Grahl Madsen's written work more easily accessible than before The objective of the book is to provide a new perspective on Grahl Madsen's approach his ideas and the results of his research and thinking As the United Nations High Commissioner for Refugees Mrs Sadako Ogata has stated in the foreword The timelessness of Professor Grahl Madsen's writings stems from his conscientious and comprehensive research and his clarity of thought as an analyst His dedication and precision should serve as both an inspiration and aspiration to all who work to defend the rights of the displaced The collection shows the extent and quality of Atle Grahl Madsen's legacy in the field of refugee law and human rights and demonstrates the diversity of the subject of international refugee law and its relevance to the world in which we live **Christian Treasury** ,1878 The Land-without-Evil Hélène Clastres, 1995 Catholic Missions .1911 Land Beyond the Forest: Facts, Figures, and Fancies from Transylvania E.
