The Lands Of Hawaii Their Use And Misuse:

The Lands of Hawaii Thomas Hawk Creighton, 1978 The story of Hawaii's lands is history and ecology and also politics In his exploration of the world of planning commissions and ambitious developers the author details the struggle over land and its uses the dubious deals the relentless eating away of open space the hollow plans and wasted studies From colonial cabal to the megatrusts of the 1970s he explains how The Speculating Game has meant huge profits for the few and a vanishing resource for the many In this book the author makes recommendations for long range actions which he knows will be controversial but which he believes to be essential if Hawaii s lands are to maintain any of their natural qualities Use and the States Robert G. Healy, John S. Rosenberg, 2013-10-18 An enlarged and revised book which looks at some programs of state land use control Focusing on the problems that have caused the public to demand such controls on the variety of legislative responses and on the problems of implementation that arise this study presents a rationale for the role of the state government in the land use field Originally published in 1979 To Establish the Native Hawaiians Study Commission United States. Whittaker, 1986 Available for the first time in English this is the Study Commission, 1983 definitive account of the practice of sexual slavery the Japanese military perpetrated during World War II by the researcher principally responsible for exposing the Japanese government's responsibility for these atrocities. The large scale imprisonment and rape of thousands of women who were euphemistically called comfort women by the Japanese military first seized public attention in 1991 when three Korean women filed suit in a Toyko District Court stating that they had been forced into sexual servitude and demanding compensation Since then the comfort stations and their significance have been the subject of ongoing debate and intense activism in Japan much if it inspired by Yoshimi s investigations How large a role did the military and by extension the government play in setting up and administering these camps What type of compensation if any are the victimized women due These issues figure prominently in the current Japanese focus on public memory and arguments about the teaching and writing of history and are central to efforts to transform Japanese ways of remembering the war Yoshimi Yoshiaki provides a wealth of documentation and testimony to prove the existence of some 2 000 centers where as many as 200 000 Korean Filipina Taiwanese Indonesian Burmese Dutch Australian and some Japanese women were restrained for months and forced to engage in sexual activity with Japanese military personnel Many of the women were teenagers some as young as fourteen To date the Japanese government has neither admitted responsibility for

creating the comfort station system nor given compensation directly to former comfort women This English edition updates the Japanese edition originally published in 1995 and includes introductions by both the author and the translator placing the story in context for American readers The Columbia Guide to Asian American History Gary Y. Collins,2018-08-02 How do we live in and with empire The contributors to Ethnographies of U S Empire pursue this question by examining empire as an unequally shared present Here empire stands as an entrenched if often invisible part of everyday life central to making and remaking a world in which it is too often presented as an aberration rather than as a structuring condition This volume presents scholarship from across U S imperial formations settler colonialism overseas territories communities impacted by U S military action or political intervention Cold War alliances and fissures and most recently new forms of U S empire after 9 11 From the Mohawk Nation Korea and the Philippines to Iraq and the hills of New Jersey the contributors show how a methodological and theoretical commitment to ethnography sharpens all of our understandings of the novel and timeworn ways people live thrive and resist in the imperial present Contributors Kevin K Birth Joe Bryan John F Collins Jean Dennison Erin Fitz Henry Adriana Mar a Garriga L pez Ol via Maria Gomes da Cunha Matthew Gutmann Ju Hui Judy Han J K haulani Kauanui Eleana Kim Heonik Kwon Soo Ah Kwon Darryl Li Catherine Lutz Sunaina Maira Carole McGranahan Sean T Mitchell Jan M Padios Melissa Rosario Audra Simpson Ann Laura Stoler Lisa Uperesa David Vine
