Lanausse,2019-11-29 Two life forms two moral opposites two different forms of strength and weakness both under international forms of government The humans and Emptredians are bound together in war that will twist the very concept of galactic warfare There are no heroes or villains on either side but only those in authority with radically contrary life or death agendas waged against one another However what unpredictable factors will occur Could they lead to other distant conflicts Which side will benefit from the unknown factors the most Which will be hindered from survival and which will advance to it Is everything decided by fate or has God abandoned humanity How many prayers can be answered Will it matter in the end All that is certain is that power resources authority and especially innovative technology are the requirements that either side absolutely must utilize in order to maintain a long term warring campaign With the Emptredians having already conquered multiple planets humanity s international authorities require every possible advantage they could obtain because Earth is next Spiritual Futuristic and R rated Evil in the Christian Fantasy of C.S. Lewis and J.K. Rowling Sarah Fiona Winters,2024-10-29 Evil in the Christian Fantasy of C S Lewis and J K Rowling From the White Witch to the Dark Mark argues that The Chronicles of Narnia and Harry Potter series are essential reading for anyone committed to understanding the cultural constructions of evil in twentieth century Europe and the strategies of resistance available to different types of readers in response to those evils This book also suggests that while the construction of evil in both series can and should be approached through a secular lens it cannot be fully understood without a complementary understanding of religious transcendence Sarah Fiona Winters explores the tension between theological evil on the one hand and naturalist and politico historical representations of evil on the other and the tension within both the explicitly religious and the apparently secular between dualism the belief that good and evil both exist and are locked in combat and the belief in orthodox Christianity that evil is nothing She examines the developments in theories about evil that arose from the experience of the Second World War particularly those of Hannah Arendt and Stanley Milgram in 1963 arguing that Lewis presented obedience as a strategy against evil because he wrote before their work while Rowling presents disobedience as a strategy against evil as she wrote after their work
