The Last Cannibals:

The Last Cannibals Ellen B. Basso, 2010-07-22 An especially comprehensive study of Brazilian Amazonian Indian history The Last Cannibals is the first attempt to understand through indigenous discourse the emergence of Upper Xing society Drawing on oral documents recorded directly from the native language Ellen Basso transcribes and analyzes nine traditional Kalapalo stories to offer important insights into Kalapalo historical knowledge and the performance of historical narratives within their nonliterate society This engaging book challenges the familiar view of biography as a strictly Western literary form Of special interest are biographies of powerful warriors whose actions led to the emergence of a more recent social order based on restrained behaviors from an earlier time when people were said to be fierce and violent From these stories Basso explores how the Kalapalo remember and understand their past and what specific linguistic psychological and ideological materials they employ to construct their historical consciousness Her book will be important reading in anthropology folklore linguistics and South American studies

The Last Cannibals Jens Bjerre, 1974-01-01 **Cannibal Holocaust** Calum Waddell, 2016-12-27 Cannibal Holocaust is one of the most controversial horror films ever made Despite not achieving huge success when it was first released the Italian production found an audience on home video in the 1980s and became a must see for connoisseurs of extreme cinema Indeed Cannibal Holocaust's foremost legacy is in the United Kingdom where it obtained its reputation as one of the most harrowing and offensive video nasties a term used to refer to a group of films deemed to be obscene by the Department of Public Prosecutions However as the years have progressed Cannibal Holocaust has been re evaluated mainly as the forefather of the found footage film and recent home video re releases have added some valuable perspective to the onscreen violence with extensive cast and crew interviews What is missing from this contemporary activity is contextualization of Cannibal Holocaust's style affirmation and discussion of its locations and any extensive discourse about its representation of third world inhabitants i e as primitives In addition and also amiss from previous dialogue on the production is that Cannibal Holocaust can be seen as one of the key post Vietnam films It is the spectre of war and an explicit warning about Western involvement in civil conflict which progresses Deodato's story of jungle adventurers in peril By approaching the film from a more formalist position this Devil's Advocate provides an insightful discussion of this groundbreaking film

Darkening the Italian Screen Eugenio Ercolani, 2019-08-21 The birth and rise of popular Italian cinema since the early 1950s can be attributed purely to necessity The vast number of genres sub genres currents and crossovers and the way they have overlapped died out or replaced each other has been an attempt in postwar years to contain the invasion of U S product while satisfying the demands the American industry had created in Italy The author explores one of the most multi faceted and contradictory industries cinema has ever known through the careers of those most closely

associated with it His recorded interviews were conducted with directors and actors both well known and upcoming

Social Violence in the Prehispanic American Southwest Deborah L. Nichols, Patricia L. Crown, 2022-08-23 Spontaneous acts of violence born of human emotions like anger or greed are probably universal but social violence violence resulting from social relationships within and between groups of people is a much more complex issue with implications beyond archaeology Recent research has generated multiple interpretations about the forms intensity and underlying causes of social violence in the ancient Southwest Deborah L. Nichols and Patricia L. Crown have gathered nine contributions from a variety of disciplines to examine social violence in the prehispanic American Southwest Not only offering specific case studies but also delving into theoretical aspects this volume looks at archaeological interpretations multidisciplinary approaches and the implications of archaeological research for Native peoples and how they are impacted by what archaeologists say about their past Specific chapters address the impacts of raiding and warfare the possible origins of ritual violence the evidence for social violence manifested in human skeletal remains the implications of witchcraft persecution and an examination of the reasons behind apparent anthropophagy There is little question that social violence occurred in the American Southwest These contributions support the need for further discussion and investigation into its causes and the broader implications for archaeology and anthropology

Horror Films - Virgin Film James Marriott, 2012-03-31 From the slick horror of Alien, Scream and The Ring and the cult classics Dracula, Frankenstein and The Mummy to the slasher icons Jason, Freddy and Leatherface horror just won't stay dead The genre has earned its place in the moviegoing psyche with many of the key films spawning numerous copycats But what are the 20 most influential horror films of all time And what made them so important James Marriott gives an incisive account of the definitive works and the most influential directors of

the genre over the last 80 years from silent Expressionist classics to Japanese wraiths The book reveals the inspiration behind each film and examines the choice of director cast soundtrack and marketing Marriott analyzes the critical reception of each film and examines the subsequent impact on the industry and the public worldwide *Race and America's Immigrant Press* Robert M. Zecker, 2011-06-30 Race was all over the immigrant newspaper week after week As early as the 1890s the papers of the largest Slovak fraternal societies covered lynchings in the South While somewhat sympathetic these articles nevertheless enabled immigrants to distance themselves from the blackness of victims and became part of a strategy of asserting newcomers tentative claims to whiteness Southern and eastern European immigrants began to think of themselves as white people They asserted their place in the U S and demanded the right to be regarded as Caucasians with all the privileges that accompanied this designation Circa 1900 eastern Europeans were slightly dismissed as Asiatic or African but there has been insufficient attention paid to the ways immigrants themselves began the process of race tutoring through their own institutions Immigrant newspapers offered a stunning array of lynching accounts poems and cartoons mocking blacks and paeans to America's imperial adventures in the Caribbean and Asia Immigrants themselves had a far greater role to play in their own racial identity formation than has so far been acknowledged *For They Know Not What They Do* Slavoj Žižek, 2020-05-05 Psychoanalysis is less merciful than Christianity Where God the Father forgives our ignorance psychoanalysis holds out no such hope Ignorance is not a sufficient ground for forgiveness since it masks enjoyment an enjoyment which erupts in those black holes in our symbolic universe that escape the Father's prohibition Today with the disintegration of state socialism we are witnessing this eruption of enjoyment in the re emergence of aggressive nationalism and racism With the lid of repression lifted the desires that have emerged are far from democratic To explain this apparent paradox says Slavoj Žižek socialist critical thought must turn to psychoanalysis For They Know Not What They Do seeks to understand the status of enjoyment within ideological discourse from Hegel through Lacan to these political and ideological deadlocks The author's own enjoyment of popular culture makes this an engaging and lucid exposition in which Hegel joins hands with Rossellini Marx with Hitchcock Lacan with Frankenstein high theory with Hollywood melodrama *Tavua, the White Cannibal* Rick Williamson, 2007 Nearly a century ago in the South Pacific cannibalistic pygmies lived in the rugged heart of Vanuatu's largest island Espiritu Santo They were thought to be extinct but in 1995 Rick discovered they still existed He was initiated into their tribe and became an integral part of a unique culture that hates the white man eats human flesh and performs child sacrifice and other bizarre rituals These remote highlanders live in a timeless and mystical world and are so naturally violent no one else had ever documented their fascinating culture n

Cinema Inferno Robert G. Weiner, John Cline, 2010-07-17 Cinema Inferno Celluloid Explosions from the Cultural Margins addresses significant areas and eras of transgressive filmmaking including many subgenres and styles that have not yet received much critical attention This collection of essays covers both contemporary films and those produced in the last 50 years to provide a theoretical framework for looking at transgressive cinema and what that means This volume begins with a number of essays that examine the aesthetic of realism tracing it through the late Italian Neo Realism of Pasolini the early films of Melvin Van Peebles and Canadian filmmaker Guy Maddin Another section focuses on 70s Italian horror and thrillers including a substantially different examination of filmmaker Dario Argento as well as essays on critically underrepresented directors Lucio Fulci and Sergio Martino A section on New York looks at both radical independents like Troma and Andy Milligan as well as the social context from which a view of the metropolis in decay emerged Sections also cover the experimental work of the Vienna Action Group and controversial filmmaker Michael Haneke as well as films and genres too idiosyncratic and disturbing to fit anywhere else including analyses of Nazi propaganda films fundamentalist Christian scare movies and postwar Japanese youth films The final essays try to come to terms with a mainstream flirtation with transgressive film and Grindhouse aesthetics
