Experiencing the Last Judgement Niamh Bhalla, 2021-09-30 Experiencing the Last Judgement opens up new ways of understanding a Byzantine image type that has hitherto been considered largely uniform in its manifestations and to a great extent frightening coercive and paralysing It moves beyond a purely didactic understanding of the Byzantine image of the Last Judgement as a visual eschatological text to be read and learned from and proposes instead an appreciation of each unique image as a dynamic site to be experienced Paintings icons and mosaics from the tenth to the fourteenth century from inside and outside of the Byzantine Empire are placed within their specific socio historical milieus their immediate decorative programmes and their architectural contexts to demonstrate that each unique image constituted a carefully orchestrated and immersive experience of judgement Each case study outlines the differences that exist in reality between these images that are often subsumed under one iconographic label making a case against condensing dynamic lived images into apparently static pictorial types Images of the Last Judgement needed the body mind and memory of the viewer for the creation of meaning and so the experience of these images was unavoidably spatial gendered corporeal mnemonic emotional rhetorical and most often liturgical Unpacking Byzantine images of judgement in light of these various facets of experience for the first time helps to elucidate the interaction of past individuals with the image and the ways in which such encounters were intended to benefit the communities that made and lived alongside them

Apocalypse Camille Flammarion, 2023-11-16 The final book of the Bible known both as The Book of Revelation and The Apocalypse of John is a prophesy of the events that will occur at the end of time During the Middle Ages in a society which held a deep belief in God and was mainly ruled by religious authorities this apocalyptic theme recurs in art through various media including tapestries illuminations sculpture and painting This book pools the most famous pieces of art inspired by this

theme such as the Apocalypse drapery from Angers Cathedral the carved tympanum of the Autun Cathedral and the fresco in Albi Cathedral The theme of the Apocalypse was a means to impress minds whilst also allowing artists to develop their imaginations its symbolic content allowing for many different interpretations *Final Judgement and the Dead in Medieval Jewish Thought* Susan Weissman,2020-07-23 Through a detailed analysis of ghost tales in the Ashkenazi pietistic work Sefer asidim Susan Weissman documents a major transformation in Jewish attitudes and practices regarding the dead and the afterlife that took place between the rabbinic period and medieval times She reveals that a huge influx of Germano Christian beliefs customs and fears relating to the dead and the afterlife seeped into medieval Ashkenazi society among both elite and popular groups In matters of sin penance and posthumous punishment the infiltration of Christian notions was so strong as to effect a radical departure in Pietist thinking from rabbinic thought and to spur outright contradiction of talmudic principles regarding the realm of the hereafter Although it is primarily a study of the culture of a medieval Jewish enclave this book demonstrates how seminal beliefs of medieval Christendom and monastic ideals could take root in a society with contrary religious values even in the realm of doctrinal belief **York Mystery Plays** Richard Beadle,Pamela M. King,1999 This volume offers 22 of the central pageants which make up York s famous Corpus Christi cycle The York cycle is the oldest and best known of the English mystery cycles and its depth and scope are reflected in the selection printed here The shape of the cycle was governed by subjectmatter of enduring spiritual significance both to its contemporary audience and in later literary and artistic tradition and the selection reflects these concerns Included are plays on the Creation the Fall of Man the Incarnation Passion and Resurrection of Christ and the Last Judgement The Passion sequence has been expanded by six of the eight plays generally attributed to the great poetic dramatist known as the York Realist the authentic text of these plays is not otherwise available in paperback As well as providing detailed annotation this edition offers an introduction which examines the history of the cycle and discusses the immensely popular modern productions in York and elsewhere

Crawford Burkitt,2007-03-01 This book contains the three Schweich Lectures from 1913 Burkitt believes the fundamental idea that underlines the great series of Jewish Apocalypses to be the idea of the imminent judgment to come He attempts to exhibit this idea in connection with the historical setting and the ultimate cause of its manifestation Burkitt holds that what gives rise to the Apocalypses vitality is the great struggle between religion and civilization **The Apocalypse and the Shape of Things to Come** Frances Carey,1999-01-01 The Book of Revelation s legacy of visual imagery is evaluated here from the 11th century to the end of World War 2 illuminated manuscripts books prints and drawings of apocalyptic phases are examined **Picturing the Apocalypse** Natasha O'Hear,Anthony O'Hear,2015 An original introduction to the book of Revelation through the use of art history with attention also given to the reception of the

Eternal God, Eternal Life Philip G. Ziegler, 2016-09-22 How ought Christian faith and theology understand the concept of human immortality today And what if anything might be distinctively Christian about such a concept The contributors to this volume explore how our thinking about the prospect of human immortality is decisively determined by what we receive of the limitless life of the triune God of the gospel and how our understanding of immortality is made concrete by the Christian hope in the resurrection of the body and the life everlasting Debates about how best to understand the eternal life of God are directly significant to how we can imagine the promise of eternal life While immortality is generally conceived to be a future qualification of human reality theological approaches to the question of personal immortality must investigate the difference that the hope and promise of such eternal life makes in the living of present day spiritual life as well as in our common moral and political existence To understand immortality as an eschatological gift of God requires that we take account of it as a formative factor at the foundations of the Christian life Rome Andreas Englisch, 2025-08-13 In *Rome* bestselling author and Vatican expert Andreas Englisch who has lived in the Eternal City for three decades invites readers on a journey of discovery He offers fresh perspectives on seemingly well known sights looks backward and forward through Roman history and reveals surprising secrets about the famous landmarks of the Tiber city With narrative verve he draws from a vast reservoir of experience knowledge and encounters An extraordinary book about Rome *The Rules of the Final Judgement.
