Macht, 2015-10-01 In *The Grand Old Man of Baseball* Norman L Macht chronicles Connie Mack s tumultuous final two decades in baseball After Mack had built one of baseball s greatest teams the 1929 31 Philadelphia Athletics the Depression that followed the stock market crash fundamentally reshaped Mack s legacy as his team struggled on the field and at the gate Among the challenges Mack faced a sharp drop in attendance that forced him to sell his star players the rise of the farm system which he was slow to adopt the opposition of other owners to night games which he favored the postwar integration of baseball which he initially opposed a split between the team s heirs Mack s sons Roy and Earle on one side their half brother Connie Jr on the other that tore apart the family and forced Mack to choose unwisely between them and finally the disastrous 1951 54 seasons in which Roy and Earle ran the club to the brink of bankruptcy By now aged and mentally infirm

Mack watched in bewilderment as the business he had built fell apart Broke and in debt Roy and Earle feuded over the sale of the team In a never before revealed series of maneuvers Roy double crossed his father and brother and the team was sold and moved to Kansas City in 1954 In Macht s third volume of his trilogy on Mack he describes the physical mental and financial decline of Mack s final years which unfortunately became a classic American tragedy *Slash Right* Myra Flexion,2020 When a dating app matches two serial killers they find themselves falling into love or the closest thing that their twisted minds can get Desperately trying to keep their secret crimes from being exposed they must deal with not only each other but law enforcement and the demands of their careers Will they overcome the odds and accept that they are meant for each other *A Supposedly Fun Thing I'll Never Do Again* David Foster Wallace,2009-11-23 These widely acclaimed essays from the author of *Infinite Jest* on television tennis cruise ships and more established David Foster Wallace as one of the preeminent essayists of his generation In this exuberantly praised book a collection of seven pieces on subjects ranging from television to tennis from the Illinois State Fair to the films of David Lynch from postmodern literary theory to the supposed fun of traveling aboard a Caribbean luxury cruiseliner David Foster Wallace brings to nonfiction the same curiosity hilarity and exhilarating verbal facility that has delighted readers of his fiction including the bestselling *Infinite Jest* **Ghost Worlds** Duane L. Martin,2023-04-24 Four different Earths in four different dimensions were left as nothing but lifeless balls of rock and sand after their moons were destroyed Massive hunks of debris slammed into the planets ripping away their atmospheres and extinguishing every last bit of life With a near infinite number of dimensions was it beyond the realm of possibility that these four ghost worlds were nothing more than a coincidence or was it perhaps a coordinated attack the goal of which was to destroy whoever or whatever inhabited those worlds Suspicions and theories abound but they ll never find the answers they re looking for unless they put boots on the ground In order for them to do that however they re going to need some new gear including space suits metal detectors and ground penetrating radar If as they suspect these dead worlds truly were inhabited by the race they called the creators then they not only need to find evidence of their presence on those worlds but they also need to find out just who it was that attacked them and more importantly the reason why Also in an effort to repair a relationship that had grown somewhat distant over the years Jarrod Derek Tina and Sarah invite Patricia to come down to the cabin with them for a little vacation so they can get things back to the way they were in the early days While there they head out to explore an as of yet unexplored dimension In the process they find a world that s beautiful beyond anything they could have possibly imagined but they also find a large supply of an incredibly rare mineral that could just be the key to producing limitless energy *Ghost Worlds* is the 8th book in the *Unseen Things* series **Film Crazy** Patrick McGilligan,2025-09-23 In *Film Crazy* McGilligan shares some of his fascinating interviews with screen luminaries from his salad days as a young journalist working the Hollywood beat He rides the presidential campaign bus with Ronald Reagan visits Alfred Hitchcock on the set of the *Master of Suspense* s last film *Family Plot* meets George Stevens at the
