Around 450 titles have been added to authors listed in the first edition, particularly in Family Stories and Police Work. 60 new names have been selected, and one new genre, Women Detectives, has been created. All this is backed up by an author index and a list of characters that reappear in related stories and series. The winners of the relevant book prizes over the last 25 years are also included. This book will prove invaluable to readers, booksellers, and library staff for anyone who wants to expand their fiction reading interests or advise others on the next good read.
