The Kenya Penal System Past Present And Prospect:

The Kenya Penal System Leonard Clayton Kercher,1981 Memory as Power Alex Tepperman,Paul Bleakley,2025-01-27 Featuring a collection of works by scholars from across a variety of disciplines this book outlines the principles of a critical historical criminology For historical criminologists this book provides a framework of how to engage with historical material in a way that is critical in its interrogation instructive in terms of how the past impacts upon our current and future practice and attentive to the dangers of presentism For critical criminologists this book highlights the potential benefits of looking to the past to inform our understanding of the critical issues we face in the current social cultural and political context in a purposeful historically sensitive way This remarkable volume aims to model how to practice a critical version of historical criminology that has implications for practice in the contemporary period It does so by incorporating contributions that emphasize robust high quality historical research that nonetheless speaks to issues and problems of premium concern to present minded critical criminologists bridging a gap between the past and present through an operationalization of the past that allows readers to better understand the criminological concerns of the present In this sense it can be used pedagogically as a collection of works which model critical historical criminology and is thus of instructional use alongside its research contribution *Cultures of Confinement* Frank Dikötter,Ian Brown,2018-07-05 Prisons are on the increase from the United States to China as ever larger proportions of humanity find themselves behind bars While prisons now span the world we know little about their history in global perspective Rather than interpreting the prison s proliferation as the predictable result of globalization *Cultures of Confinement* underlines the fact that the prison was never simply imposed by colonial powers or copied by elites eager to emulate the West but was reinvented and transformed by a host of local factors its success being dependent on its very flexibility Complex cultural negotiations took place in encounters between different parts of the world and rather than assigning a passive role to Latin America Asia and Africa the authors of this book point out the acts of resistance or appropriation that altered the social practices associated with confinement The prison in short was understood in culturally specific ways and reinvented in a variety of local contexts examined here for the first time in global perspective Historical Dictionary of Kenya Michael Mwenda Kithinji,2024-06-18 Kenya has a rich and complex history Due to the vast discoveries of prehistoric archaeological remains Kenya is one of the few places in the world with the largest and most complete record of human s cultural development Furthermore the country s strategic location astride the Indian Ocean and the East African littoral attracted numerous foreigners such as the Arabs Persians Portuguese Americans British Chinese French and Germans Additionally immigrants from throughout Africa and beyond have settled in Kenya to escape conflict or political persecution while others wanted an opportunity to begin a new life As a result of being a gateway to the world the country traditionally has been one of the most important business cultural diplomatic and political centers in Africa Still Kenya like many other countries throughout the world has been plagued by an

increasing array of complex economic political and social challenges Historical Dictionary of Kenya Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Kenya

Comparative Criminology Across Western and African Perspectives Sungi, Simeon P.,Ouassini, Nabil,2022-06-03 Crime prevention is essential to the success of any civilization Effective criminal justice systems contribute greatly to the prevention of crime However clashing traditional and modern theories regarding appropriate action within criminal justice organizations can cause these systems to fail even when personnel is beyond reproach Successfully blending traditional and modern theories on criminal justice can bolster justice systems and allow them to be successful Comparative Criminology Across Western and African Perspectives is a critical scholarly publication that addresses comparative issues pertaining to empirical research and theoretical frameworks on criminology in Africa Highlighting topics such as policing ethics criminal theory and victims rights this book is ideal for academicians law enforcement victim advocates lawmakers correctional officers correctional rehabilitation counselors criminologists researchers policymakers government officials and students

Carceral Afterlives Katherine Bruce-Lockhart,2022-07-05 Drawing upon social history political history and critical prison studies this book analyzes how prisons and other instruments of colonial punishment endured after independence and challenges their continued existence In Carceral Afterlives Katherine Bruce Lockhart traces the politics practices and lived experiences of incarceration in postcolonial Uganda focusing on the period between independence in 1962 and the beginning of Yoweri Museveni s presidency in 1986 During these decades Ugandans experienced multiple changes of government widespread state violence and war all of which affected the government s approach to punishment Bruce Lockhart analyzes the relationship between the prison system and other sites of confinement including informal detention spaces known as safe houses and wartime camps and considers other forms of punishment such as public executions and disappearance by state paramilitary organizations Through archival and personal collections interviews with Ugandans who lived through these decades and a range of media sources and memoirs Bruce Lockhart examines how carceral systems were imagined and experienced by Ugandans held within working for or impacted by them She shows how Uganda s postcolonial leaders especially Milton Obote and Idi Amin attempted to harness the symbolic material and coercive power of prisons in the pursuit of a range of political agendas She also examines the day to day realities of penal spaces and public perceptions of punishment by tracing the experiences of Ugandans who were incarcerated their family members and friends prison officers and other government employees Furthermore she shows how the carceral arena was an important site of dissent examining how those inside and outside of prisons and other spaces of captivity challenged the state s violent punitive tactics Using Uganda as a case study Carceral Afterlives emphasizes how prisons and the wider use of confinement both as a punishment

and as a vehicle for other modes of punishment remain central to state power in the Global South and North While scholars have closely analyzed the prison s expansion through colonial rule and the rise of mass incarceration in the United States they have largely taken for granted its postcolonial persistence In contrast Bruce Lockhart demonstrates how the prison s transition from a colonial to a postcolonial institution explains its ubiquity and reveals ways to critique and challenge its ongoing existence The book thus explores broader questions about the unfinished work of decolonization the relationship between incarceration and struggles for freedom and the prison s enduring yet increasingly contested place in our global institutional landscape

Insect Conservation: Past, Present and Prospects Tim R. New, 2012-03-14 The history of interest and practice in insect conservation is summarised and traced through contributions from many of the leaders in the discipline to provide the first broad global account of how insects have become incorporated into considerations of conservation The essays collectively cover the genesis and development of insect conservation emphasising its strong foundation within the northern temperate regions and the contrasts with much of the rest of the world Major present day scenarios are discussed together with possible developments and priorities in insect conservation for the future

Fighting Machines Dan Saxon, 2021-12-03 This book addresses the relationship between lethal autonomous weapon systems human dignity and international law Its central thesis is that the delegation of human responsibility for moral judgments to lethal autonomous weapon systems erodes human dignity and consequently international law

A History of Prison and Confinement in Africa Florence Bernault, 2003 Over the last 30 years a substantial literature on the history of American and European prisons has developed This collection is among the first in English to construct a history of prisons in Africa Topics include precolonial punishments living conditions in prisons and mining camps ethnic mapping contemporary refugee camps and the political use of prison from the era of the slave trade to the Rwandan genocide of 1994

The Responsibility to Prevent Serena K. Sharma, Jennifer M. Welsh, 2015-08-20 Among the constitutive elements of the responsibility to protect R2P prevention has been deemed by many as the most important Drawing on contributions from an international group of academics and practitioners this book seeks to improve our knowledge of how to operationalize the responsibility to prevent genocide crimes against humanity war crimes and ethnic cleansing The central argument is that the responsibility to prevent should be conceptualized as crimes prevention The first part of the volume develops a strategic framework which includes identifying the appropriate scope and substance of R2Ps preventive dimension and distinguishing between systemic and targeted approaches The second section examines some of the tools that can be used and have been used to prevent the escalation of dynamics towards the commission of atrocity crimes tools such as sanctions mediation international criminal justice and the use of military means as well as the operational challenges that tend to obstruct global efforts to prevent such crimes The third and final section draws lessons from actual cases of preventive action both historical and recent about the relative success of particular tools and approaches As the first edited collection of its kind devoted exclusively to the

preventive dimension of R2P The Responsibility to Prevent intends to inform and shape the growing debate on how to approach atrocity crime prevention and how to build the capacities needed to implement the imperatives at the heart of R2P
