beautiful Studio 54 was a place where almost nothing was taboo from nonstop dancing and drinking beneath the coke dusted neon moon to drugs and sex in the infamous unisex restrooms to the outrageous money skimming activities taking place in the office of the studio's flamboyant co-owner Steve Rubell. Author Anthony Haden Guest was there on opening night in 1977 and over the next decade spent many late nights and early mornings basking in the strobe lit wonder. But *The Last Party* is much more than a fascinating account of the scandals, celebrities' crimes and extreme excesses encouraged within the notorious Manhattan nightspot. Haden Guest brings an entire era of big city glitz and unabashed hedonism to breathtaking life, recalling a vibrant New York night world at once exhilarating and dangerous before the terrible sobering dawn of the age of AIDS.

Members Only Diana Kendall, 2008-06-25. In *Members Only* Diana Kendall shows how the upper classes use exclusive clubs as their private domain for conducting business, fostering social networks and launching the next generation of elites all beyond the view of outsiders and the media. In her research Kendall explains how and why club members routinely engage in exclusionary practices that help them accumulate personal power and social capital that is unavailable to outsiders. *Members Only* addresses how exclusive private clubs maintain and perpetuate class-based privilege and racial, ethnic and religious segregation and how such patterns of social exclusion heighten social inequality. This book continues Kendall's study of the upper classes which began with *The Power of Good Deeds* and *Framing Class*.

Finish High School at Home Charles Clark, 2000-03. The 60s have flickered into the 70s and hippie influences have trickled down to the high school. A charismatic young messiah quits college and returns to his old high school to lead the kids in an anti-racism demonstration. The students are catalyzed and rise up to battle the suburban power structure. The trouble starts when this 60s legend is shown to be losing touch with reality. Our narrator struggles to understand the messiah's descent, postponing all planning for college as he and his friends take on the social Darwinist hierarchy of high school. The more comic the events, the deeper the menace grows as this dizzying senior year unfolds. The clash of forces comes during a seminal era when the anti-war movement, feminism, counterculture and black power combined to singe the letter sweaters and pom-poms of classic high school culture. As so often happens when history is being made, youth becomes the conscience of society, says our narrator in his belated college application. But there were fissures in our ranks; we all hailed from different social categories.
