

Politically Incorrect Feminist Poem 1

So how would you feel if
you were lined up with the
80 virgins (I always thought
it was 76 - tough...)
lined up for
a 'martyr'
who'd just killed 80 people
including the odd fun-da-mental-ist?

Read the small print, honey.

(And that goes for you too, guys,
if the guy was.. well, you know?)

Just askin'...

The Killer And Other Politically Incorrect Poems:

Behind the Lines Philip Metres, 2007-05 Whether Thersites in Homer's Iliad Wilfred Owen in Dulce et Decorum Est or Allen Ginsberg in Wichita Vortex Sutra poets have long given solitary voice against the brutality of war The hasty cancellation of the 2003 White House symposium Poetry and the American Voice in the face of protests by Sam Hamill and other invited guests against the coming shock and awe campaign in Iraq reminded us that poetry and poets still have the power to challenge the powerful Behind the Lines investigates American war resistance poetry from the Second World War through the Iraq wars Rather than simply chronicling the genre Philip Metres argues that this poetry gets to the heart of who is authorized to speak about war and how it can be represented As such he explores a largely neglected area of scholarship the poet's relationship to dissenting political movements and the nation In his elegant study Metres examines the ways in which war resistance is registered not only in terms of its content but also at the level of the lyric He proposes that protest poetry constitutes a subgenre that by virtue of its preoccupation with politics history and trauma probes the limits of American lyric poetry Thus war resistance poetry and the role of what Shelley calls unacknowledged legislators is a crucial though largely unexamined body of writing that stands at the center of dissident political movements **The James White**

Leopard Desmond Morris, 2014-06-15 The sleek spotted leopard may be the smallest of the big cats but its ferocity and solitary style makes lions and tigers seem puny in comparison Lacking the social mentality of other animals the leopard is stealthy and selfish ambushing its prey and carrying it high into a tree where it can dine alone Humans call leopards the perfect predator In Leopard renowned zoologist Desmond Morris seeks to show all sides of the cat delving into the

fascinating history of these incredible animals Morris examines the leopard's athletic elegance predatory skill wary shyness and cunning intelligence while also exploring the animal's parental devotion preference for solitude and capacity for revenge In addition to tracing the evolution of leopards he considers how humans have related to the animal throughout history Leopards he shows have long featured in the art mythology and folklore of ancient Greece Persia Rome and even England where they have not lived for several millennia But humans and leopards do not always coexist peacefully as Morris explains leopards have been known to attack humans when their food is scarce or they are injured He reveals how humans have exploited the cats attempting to train them for circus roles and how today some people are now making strides toward the leopard's conservation He also describes their rich symbolism appearances in literature and film and the use of the leopard print in both haute couture and down market fashion Packed with compelling images of this amazing animal in action Leopard sheds new light on these gorgeous cats

The Killer Idea! Nicolas Bordas, 2011-10-04 How does a good idea work What's the difference between a good idea and an idea that kills Why do some great ideas fall out of use How can you guarantee that your idea has every chance to succeed Why are some Fac

Nobody's Business Brian M. Reed, 2013-08-15 Since the turn of the new millennium English language verse has entered a new historical phase but explanations vary as to what has actually happened and why What might constitute a viable avant garde poetics in the aftermath of such momentous developments as 9 11 globalization and the financial crisis Much of this discussion has taken place in ephemeral venues such as blogs e zines public lectures and conferences Nobody's Business is the first book to treat the emergence of Flarf and Conceptual Poetry in a serious way In his engaging account Brian M Reed argues that these movements must be understood in relation to the proliferation of digital communications technologies and their integration into the corporate workplace Writers such as Andrea Brady Craig Dworkin Kenneth Goldsmith Danny Snelson and Rachel Zolf specifically target for criticism the institutions skill sets and values that make possible the smooth functioning of a postindustrial globalized economy Authorship comes in for particular scrutiny how does writing a poem differ in any meaningful way from other forms of content providing While often adept at using new technologies these writers nonetheless choose to explore anachronism ineptitude and error as aesthetic and political strategies The results can appear derivative tedious or vulgar they can also be stirring compelling and even sublime As Reed sees it this new generation of writers is carrying on the Duchampian practice of generating antiart

that both challenges prevalent definitions of art and calls into question the legitimacy of the institutions that define it

Idiot, Sojourning Soul Justin Rosolino, 2020-01-29 What is Christianity What is it supposed to be In a world where Trump Obama Putin and Lady Gaga all claim Christianity as their spiritual home it is not an easy question to answer Part memoir part historical theological analysis Idiot Sojourning Soul tells the story of one former skeptic's exploration of Christian spirituality Justin Rosolino was raised in a post Christian context where all gods were up for grabs and all truth claims equally dubious While studying political theory in college Justin found himself drawn to the writings of Augustine Kierkegaard and Martin Luther King Jr Much to his surprise he resonated with their profoundly Christian accounts of human nature desire lack and love With wit and scholarly precision Idiot examines Christianity's historical development from its ancient beginnings to its current and confounding condition The result is a must read for anyone who's ever wondered what Jesus was really up to and why contemporary Christianity bears so little semblance to its namesake

The Saturday Review of Politics, Literature, Science, Art, and Finance, 1868 Northern Irish Poetry and Domestic Space Adam Hanna, 2016-04-29 Northern Irish Poetry and Domestic Space explores why houses in some ways the most private of spaces have taken up such visibly public positions in the work of a range of prominent poets from Northern Ireland examining the work of Seamus Heaney Michael Longley Derek Mahon and Medbh McGuckian **Classics and Irish Politics, 1916-2016** Isabelle Torrance, Donncha O'Rourke, 2020-10-28 This collection addresses how models from ancient Greece and Rome have permeated Irish political discourse in the century since 1916 The 1916 Easter Rising when Irish nationalists rose up against British imperial forces became almost instantly mythologized in Irish political memory as a turning point in the nation's history that paved the way for Irish independence Its centenary has provided a natural point for reflection on Irish politics and this volume highlights an unexplored element in Irish political discourse namely its frequent reliance on reference to and tensions with classical Greek and Roman models Topics covered include the reception and rejection of classical culture in Ireland the politics of Irish language engagement with Greek and Roman models the intersection of Irish literature with scholarship in Classics and Celtic Studies the use of classical referents to articulate political inequalities across gender sexual and class hierarchies meditations on the Northern Irish conflict through classical literature and the political implications of neoclassical material culture in Irish society As the only country colonized by Britain with a pre-existing indigenous heritage of expertise in classical languages and literature postcolonial Ireland represents a unique case in the field of classical reception This book opens a window on a rich and varied dialogue between significant figures in Irish cultural history and the Greek and Roman sources that have inspired them a dialogue that is firmly rooted in Ireland's

historical past and continues to be ever evolving **The Unruly Life of Woody Allen** Marion Meade,2014-04-01 A psychologically nuanced tough minded portrait of the New York filmmaker and his relationships with Mia Farrow and Soon Yi Previn Publishers Weekly Writer director actor humorist Woody Allen stands as one of our era s most celebrated artists Starting in the 1950s Allen began crafting a larger than life neurotic persona that has since entertained and enlightened millions In his films widely thought to be autobiographical explorations of his own comic fears and fixations Allen carefully controlled the public s view of him as a lovable scamp But that all came crashing down the day Mia Farrow found a Polaroid on her mantle What followed was a flurry of sensational headlines and legal battles His relationship with Soon Yi Previn thirty four years his junior and the step daughter of his longtime girlfriend caused shockwaves in the public s perception of the director yet few biographers and journalists have explored what happened and why In this the first deep investigation of Allen s life and the events surrounding his split with Farrow biographer Marion Meade tracks down dozens of friends actors neighbors and film historians They open up with insights and details rare in the world of wealth and celebrity What results is a fascinating portrait of a flawed genius as adept at constructing his own image as he is at crafting films Rereleased and updated this is an unauthorized biography that neither Woody Allen s fans nor his detractors will be able to put down The revised and updated edition was reviewed in the Wall Street Journal in 2013 by Carl Rollyson in a roundup of the five best Hollywood biographies *Writing Poetry* Chad Davidson,Gregory Fraser,2008-11-26 Writing Poetry combines an accessible introduction to the essential elements of the craft with a critical awareness of its underpinnings The authors argue that separating the making of poems from critical thinking about them is a false divide and encourage students to become accomplished critics and active readers of poetic texts **The Journal of Commonwealth Literature** ,1996 One number each year includes Annual bibliography of Commonwealth literature *Play Among Books* Miro Roman,Alice_ch3n81,2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science
