Historians on Housewives Kacey Calahane, Jessica Millward, Max Speare, 2025-03-17 According to popular stereotype Bravo reality television portrays vapid one dimensional characters tearing each other down for viewers enjoyment Whether The Real Housewives taps into our voyeuristic urges our fascination with wealth and class or the allure of the sheer spectacle of grown women yelling at one another the show is truly a cultural phenomenon and a global one with more than twenty international spin offs Historians on Housewives looks past the show's reputation as lowbrow unscripted reality television and unveils deeper historical meanings behind some of Bravo's best known programs and franchises This collection of ten essays is both a celebration of the bizarre behavior of the Real Housewives and a critical theorizing of the importance of the shows and the Housewives themselves Historians on

Housewives explores relationships between historical topics and themes and some of Bravo's most iconic moments to demonstrate the usefulness of Bravo television as a tool for making history accessible. With contributions from scholars representing an impressive historical breadth from the Roman Empire to the civil rights movement and beyond, the volume carves out a space for serious treatment of the franchise, fusing scholarship with pop culture to suggest interdisciplinary approaches for doing history that appeal to popular and academic audiences alike. Contributors are Nicole L. Anslover, Martina Baldwin, Emilie M. Brinkman, Marcia Chatelain, Jennifer C. Edwards, Jennifer M. Fogel, Tanisha C. Ford, Noah D. Guynn, Rosemarie Jones, Haley Schroer, Kristalyn M. Shefveland, and Serenity Sutherland. *The Grove Book of Hollywood* Christopher Silvester, 2007-12-01. A treasure trove of insider accounts of the movie business from its earliest beginnings to the present day, exceedingly savvy, astute, and entertaining. *Variety*. *The Grove Book of Hollywood* is a richly entertaining anthology of anecdotes and reminiscences from the people who helped make the City of Angels the storied place we know today. Movie moguls, embittered screenwriters, bemused outsiders such as P. G. Wodehouse and Evelyn Waugh, and others all have their say. Organized chronologically, the pieces form a history of Hollywood as only generations of insiders could tell it. We encounter the first people to move to Hollywood when it was a dusty village on the outskirts of Los Angeles, as well as the key players during the heyday of the studio system in the 1930s. We hear from victims of the blacklist and from contemporary players in an industry dominated by agents. Coming from a wide variety of sources, the personal recollections range from the affectionate to the scathing, from the cynical to the grandiose. Here is John Huston on his drunken fistfight with Errol Flynn, Cecil B. DeMille on the challenges of filming *The Ten Commandments*, Frank Capra on working for the great comedic producer Mark Sennett, William Goldman on the strange behavior of Hollywood executives in meetings, and much more. A masterly, magnificent anthology, *The Grove Book of Hollywood* is a must for anyone fascinated by Hollywood and the film industry. *Literary Review*, London. *How Television Shapes Our Worldview* Deborah A. Macey, Kathleen M. Ryan, Noah J. Springer, 2014-05-15. Over the last half of the twentieth century, television has become the predominant medium through which the public accesses information about the world. Through the news, situation comedies, police dramas, and commercials, we learn about the world around us and our role within it. These genres, narratives, and cultural forms are not simply entertainment but powerful socializing agents that show the world as we might never see it in real life. *How Television Shapes Our Worldview* brings together a diverse set of scholars, methodologies, and theoretical frameworks to interrogate the ways through which television molds our vision of the outside world. The essays include advertising and public relations analyses, audience interviews, and case studies that touch on genres ranging from science fiction in the 1970s to current reality television. Television truly provides a powerful influence over how we learn about the world around us and understand its social processes. [Ladies on the Lot](#) Helene M. Lawson, 2000.
