The Last Angry White Man:

Rules of the Father in The Last of Us J. Jesse Ramirez, 2022-02-15 Widely regarded by critics and fans as one of the best games ever produced for the Sony Playstation The Last of Us is remarkable for offering players a narratively rich experience within the parameters of cultural and gaming genres that often prioritize frenetic violence by straight white male heroes The Last of Us is also a milestone among mainstream big budget AAA games because its development team self consciously intervened in videogames historical exclusion of women and girls by creating complex and agentive female characters The game's co protagonist Ellie is a teenage girl who is revealed to be queer in The Last of Us Left Behind DLC 2014 and The Last of Us II 2020 Yet The Last of Us also centers Joel Ellie's fatherly protector How is patriarchy the rule of the father encoded in rule based systems like videogames How does patriarchal rule become an algorithmic rule and vice versa These questions are at the heart of this book the first comprehensive scholarly analysis of the zombie apocalypse action adventure third person shooter videogame The Last of Us 2013 On the one hand the book is a close extended study of The Last of Us and its themes genres procedures and gameplay On the other hand the book is a post GamerGate reflection on the political and ethical possibilities of progressive play in algorithmic mass culture of which videogames are now the dominant form

Lovable Racists, Magical Negroes, and White Messiahs David Ikard, 2017-10-19 In this incredibly timely book David Ikard dismantles popular white supremacist tropes which effectively devalue black life and trivialize black oppression Lovable Racists Magical Negroes and White Messiahs investigates the tenacity and cultural capital of white redemption narratives in literature and popular media from Uncle Tom's Cabin to The Help In the book Ikard explodes the fiction of a postracial society while awakening us to the sobering reality that we must continue to fight for racial equality or risk losing the hard fought gains of the Civil Rights movement Through his close reading of novels films journalism and political campaigns he analyzes willful white blindness and attendant master narratives of white redemption arguing powerfully that he who controls the master narrative controls the perception of reality The book sounds the alarm about seemingly innocuous tropes of white redemption that abound in our society and generate the notion that blacks are perpetually indebted to whites for liberating civilizing and enlightening them In Lovable Racists Magical Negroes and White Messiahs Ikard expertly and unflinchingly gives us a necessary critical historical intervention **Graffiti Palace** A. G.

From Panthers to Promise Keepers Judith Lowder Newton, 2005 From Panthers to Promise Keepers draws on intimate observations of the men and networks who were involved in what some have called the men's movement and tells us why these networks mattered Focusing on the decades between 1950 and 2000 it argues that while public structural change is necessary for gender equality getting men involved in efforts at social justice may well depend on their making changes with respect to feelings and with respect to their unconscious fears and anxieties as well

Making Movies Black Thomas Cripps, 1993-05-20 This is the second volume of Thomas Cripps's definitive history of African Americans in Hollywood covering the period from World War II through the civil rights movement of the 1960s. Examining this period through the prism of popular culture, *Making Movies Black* shows how movies anticipated America's changing ideas about race. Cripps contends that founded in the liberal rhetoric of the war years with the catchwords brotherhood and tolerance came movies which defined a new African American presence both in film and in American society at large. Focusing on popular film culture from classic Hollywood films and black musicals like *Gone with the Wind* and *Cabin in the Sky* to war movies and government propaganda films like *Bataan* and *Wings for this Man* narrated by Ronald Reagan to the first bold strides toward a humane portrayal of interracial comradeship in *The Breaking Point*, Cripps documents the ever fluctuating African American presence in Hollywood. Delving into previously inaccessible records of major Hollywood studios among them Warner Brothers, RKO and Twentieth Century Fox as well as federal records of the Office of War Information, the NAACP and interviews with survivors of the era, Cripps reveals the struggle of black actors like Sidney Poitier leading the way in liberal racial casting as cops and judges, fishermen and wounded veterans yet marginalized behind the scenes within the racial ferment of cultural politics. More than a narrative history, *Making Movies Black* reaches beyond the screen itself with sixty photographs most never before published which visually illustrate the mood of the time. Revealing the reflective power of American popular film, *Making Movies Black* is the perfect book for those interested in the changing attitudes toward race in post World War II society.
