

The cover art features a dynamic scene from the Star Wars Rebellion era. In the foreground, four main characters are depicted in action: Luke Skywalker in his iconic red Rebel flight suit, aiming a blaster; Han Solo in a white shirt and black vest, also aiming; Leia Organa in a white Rebel uniform; and Chewbacca in his signature brown bandolier. They are set against a dramatic space background with a large, dark planet in the upper left, a Rebel transport ship in the upper right, and several smaller starfighters engaged in combat with red laser trails. The overall color palette is dominated by the dark blues and blacks of space, punctuated by the reds of the Rebel uniforms and the bright colors of the laser fire.

Role Playing Game J. Michael Straczynski,Matthew Sprange,2006-04 Featuring the space station that changed the destiny of an entire galaxy the Babylon 5 RPG from Mongoose Publishing allows players to take on the role of characters from the award winning TV series This all new edition revisits one of the most successful sci fi roleplaying games of recent years bringing the game to an all new group of fans Existing fans will not be disappointed the rules have been tweaked so that the game is even better than before and most importantly is a stand alone rulebook in its own right with no requirement for the use of another rulebook New

Perspectives in Game Studies Tomáš Bártek, Jan Miškov, Jaroslav Švelch, Zdeněk Záhora, 2015-01-01 Sborník shrnuje příspěvky z první ročníkové konference Central and Eastern European Game Studies konané v Brně ve dnech 10-11. června 2014. Příspěvky zaměřené na výzkum digitálních her zahrnují témata od historie k teorii, od empirických studií k aplikovanému výzkumu. Značná část příspěvků se věnuje regionu střední a východní Evropy.

The Last Command: Star Wars Legends (The Thrawn Trilogy) Timothy Zahn, 2011-06-28 The epic story that began with Heir to the Empire reaches its dramatic conclusion in this essential Star Wars Legends novel. The embattled Republic reels from the attacks of Grand Admiral Thrawn, who has marshaled the remnants of the Imperial forces and driven the Rebels back with an abominable technology recovered from the Emperor's secret fortress clone soldiers. As Thrawn mounts his final siege, Han Solo and Chewbacca struggle to form a coalition of smugglers for a last ditch attack, while Princess Leia holds the Alliance together and prepares for the birth of her Jedi twins. The Republic has one last hope: sending a small force into the very stronghold that houses Thrawn's terrible cloning machines. There, a final danger awaits as the Dark Jedi C-3PO directs the battle against the Rebels and builds his strength to finish what he already started: the destruction of Luke Skywalker.

Internet Games Directory Marc Saltzman, Sean McFadden, 1996 This book includes descriptions of Web sites where readers can find the hottest online real time games, in addition to how-to and strategy guides for non-real time, proprietary e-mail and listserv games.

Star Wars and the History of Transmedia Storytelling Sean Guynes, Dan Hassler-Forest, 2015-10-01 Star Wars has reached more than three generations of casual and hardcore fans alike, and as a result many of the producers of franchised Star Wars texts—films, television, comics, novels, games, and more—over the past four decades have been fans turned creators. Yet despite its dominant cultural and industrial positions, Star Wars has rarely been the topic of sustained critical work. *Star Wars and the History of Transmedia Storytelling* offers a corrective to this oversight by curating essays from a wide range of interdisciplinary scholars in order to bring Star Wars and its transmedia narratives more fully into the fold of media and cultural studies. The collection places Star Wars at the center of those studies projects by examining video games, novels, and novelizations, comics, advertising practices, television shows, franchising models, aesthetic and economic decisions, fandom, and cultural responses, and other aspects of Star Wars and its world building in their multiple contexts of production, distribution, and reception. In emphasizing that Star Wars is both a media franchise and a transmedia storyworld, *Star Wars and the History of Transmedia Storytelling* demonstrates the ways in which transmedia storytelling and the industrial logic of media franchising have developed in concert over the past four decades as multinational corporations have become the central means for subsidizing, profiting from, and selling modes of immersive storyworlds to global audiences. By taking this dual approach, the book focuses on the interconnected nature of corporate production, fan consumption, and transmedia world building. As such, this collection grapples with the historical, cultural, aesthetic, and political-economic implications of the relationship between media franchising and transmedia storytelling as they are seen at work in the world's most profitable transmedia franchise.
