The Last Sunset:

1999: A Space Odyssey John K Balor,2018-08-03 Part of the premise of the online discussion transcribed in this book is how Gerry Anderson's television series *Space 1999* can be understood in relation to Stanley Kubrick's 2001 *A Space Odyssey* by looking at both narratives through the perspective of systems theory As a result of doing so an engaged debate concerned with the political and philosophical subtext of both stories developed This book gives a full account of the debate with summaries of ideas and insights The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com

Robert Aldrich Robert Aldrich,2004 In this collection of interviews the filmmaker tells fascinating stories of making motion pictures with such film legends as Burt Lancaster Bette Davis Joan Crawford Burt Reynolds and many others *What Ever Happened to Robert Aldrich?* Alain Silver,2004-08 There was something about Robert Aldrich's artistic temperament that enabled him to transcend the apparent vulgarity of so many of his motion pictures Besides the great films such as *Kiss Me Deadly* which is certainly one of the finest examples of film noir are several little seen or underrated later works such as the revisionist Western *Ulzana's Raid* the gangster love story *The Grissom Gang* or the grim cop picture *Hustle* Aldrich's career has long deserved the detailed evaluation which this book provides Andrew Sarris

An Exploration of Space 1999 Through the Lens of Video Games: Payne 1999 John K. Balor,2019-07-02 This book contains transcripts from Online Alpha discussions where the video game *PAYNE 1999* game theory and game study theories are used for analysing and commenting on problems of conflict and cooperation in *SPACE 1999* The discussions build on more than a decade of conversations and debate about *PAYNE 1999* and the aim of the book is to put the various threads together while also developing new ideas and providing direction for further investigations The book has been developed on an idealistic basis and it is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com
