**Henry Fielding and William Hogarth** Gerald M. Berkowitz, Peter Jan de Voogd, 1981      **Sir John Vanbrugh and the End of Restoration Comedy** Gerald M. Berkowitz, 2023-12-14      **Sir John Vanbrugh: The Playwright as Architect**, 1991      The Cambridge Companion to English Restoration Theatre Deborah Payne Fisk, 2000-05-11 This rich and varied portrait of the drama from 1660 to 1714 provides students with essential information about playwrights staging and genres situating them in the social and political culture of the time No longer seen as a privileged arena for select dramatists and elite courtiers the Restoration theatre is revealed in all of its tumult energy and conflict The fourteen newly commissioned essays examine the theatre paying attention to major playwrights such as Dryden Wycherly and Congreve and also to more minor works and to plays by the first professional female dramatists The book begins with chapters on the performance of the drama in its own time on theatres acting and staging and continues with the main dramatic genres and themes with a final chapter on the critical history of the drama The volume also includes a thorough chronology and biographies and bibliographies of dramatists      **Literature and Lore of the Sea**, 2021-11-08      Designing a Computerized Lexicon for Linguistic Purposes Erik Akkerman, Pieter Masereeuw, Willem Meijs, 1985      **Writing in the Southern Tradition** Ashby Bland Crowder, 2021-11-01      *History and Violence in Anglo-Irish Literature*, 2022-07-11      **New Essays in American Drama** Henry I. Grant, 2022-07-11      *The Oxford Encyclopedia of British Literature* David Scott Kastan, 2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit [www.oup.com/us/ebL](http://www.oup.com/us/ebL)      **The Relapse and Other Plays** John Vanbrugh, 2009-08-27 This collection includes five comedies on the theme of marital disharmony by Restoration playwright John Vanburgh 1664 1726 The text includes a critical introduction wide ranging annotation and bibliography      *Coyne and Crime in Restoration Comedy* Peggy Thompson, 2012 *Coyne and Crime* examines the extraordinary focus on feminine coyness in forty English comedies by ten diverse playwrights of the late seventeenth century In contexts ranging from reaffirmations of church and king to emerging interests in liberty and novelty these plays consistently reveal women caught in an ironic and nearly

intractable convergence of objectification and culpability that allows them little innocent sexual agency this is both the source and the legacy of coyness in Restoration comedy      The Seventeenth-Century Literature Handbook Robert C. Evans, Eric J. Sterling, 2010-02-10 One stop resource offering complete textbook for courses in seventeenth century literature progressing from introductory topics through to overviews of current research      **English Drama** Richard W. Bevis, 1988 What were the causes of Restoration drama's licentiousness How did the elegantly turned comedy of Congreve become the pointed satire of Fielding And how did Sheridan and Goldsmith reshape the materials they inherited In the first account of the entire period for more than a decade Richard Bevis argues that none of these questions can be answered without an understanding of Augustan and Georgian history The years between 1660 and 1789 saw considerable political and social upheaval which is reflected in the eclectic array of dramatic forms that is Georgian theatre's essential characteristic

**Historical Dictionary of British Theatre** Darryll Grantley, 2013-10-10 British theatre has a greater tradition than any other having started all the way back in 1311 and still going strong today But that is too much for one book to cover so this volume deals with early theatre and has a cut off date in 1899 Still this is almost six centuries centuries during which British theatre not only developed but produced some of the greatest playwrights of all time and anywhere including obviously Shakespeare but also Marlowe and Shaw And they wrote some of the finest plays ever which are known around the world So there is plenty for this book to cover just with the playwrights plays and actors but it also has information on stagecraft and theatres as well as the historical and political background This book has over 1 183 entries in the dictionary section these being mainly on playwrights and plays but others as well including managers and critics and also on specific theatres legislative acts and some technical jargon Then there are entries on the different genres from comedy to tragedy and everything in between Inevitably the chronology is quite long as it has a long period to cover and the introduction provides the necessary overview The Historical Dictionary of Early British Theatre concludes with a pretty massive bibliography That will be of use to particularly assiduous researchers but this book itself is a good place to start any research since it covers periods that are far less well known and documented and ordinary theatre goers will also find useful information      A *History of English Literature* Robert Huntington Fletcher, 1919 Jonathan Swift another unique figure of very mixed traits is like Defoe in that he connects the reign of William III with that of his successors and that in accordance with the spirit of his age he wrote for the most part not for literary but for practical purposes in many other respects the two are widely different Swift is one of the best representatives in English literature of sheer intellectual power but his character his aims his environment and the circumstances of his life denied to him also literary achievement of the greatest permanent significance
