successor to the classic reference works *Makers of Modern Culture* and *Makers of Nineteenth Century Culture* published by Routledge in the early 1980s. The set was extremely successful and continues to be used to this day due to the high quality of the writing, the distinguished contributors and the cultural sensitivity shown in the selection of those individuals included. *New Makers of Modern Culture* takes into full account the rise and fall of reputation and influence over the last twenty five years and the epochal changes that have occurred: the demise of Marxism and the collapse of the Soviet Union, the rise and fall of postmodernism, the eruption of Islamic fundamentalism, the triumph of the Internet. Containing over eight hundred essay style entries and covering the period from 1850 to the present, *New Makers of Modern Culture* includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film makers and many other culturally significant individuals and is thoroughly international in its purview. Next to Karl Marx is Bob Marley, next to John Ruskin is Salman Rushdie, alongside Darwin is Luigi Dallapiccola, Deng Xiaoping runs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin. Once again Wintle has enlisted the services of many distinguished writers and leading academics such as Sam Beer, Bernard Crick, Edward Seidensticker and Paul Preston. In a few cases, for example Michael Holroyd and Philip Larkin, contributors are themselves the subject of entries. With its global reach, *New Makers of Modern Culture* provides a multi-voiced witness of the contemporary thinking world. The entries carry short bibliographies and there is thorough cross referencing. There is an index of names and key terms.

**American Reference Books Annual** Bohdan S. Wynar, 1976. 1970 issued in 2 vols: v 1 General reference, social sciences, history, economics, business; v 2 Fine arts, humanities, science and engineering.

**Makers of Modern Culture** Justin Wintle, 2002. This volume provides lively and clearly written expositions of those figures who have done most to shape our views in the period since 1914. Music, cinema, drama, art, fiction, poetry and philosophy are just some of the fields covered.

*A Descriptive Catalogue of the Bibliographies of Twentieth Century British Poets, Novelists, and Dramatists* Elgin W. Mellow, 1978. The entries show how widely Mellow has cast his net. This is a very thorough and business-like compilation. His comments are invariably judicious and helpful.

[Parky: My Autobiography](#) Michael Parkinson, 2009-05-14. The Sunday Times Bestseller. All Michael Parkinson really wanted to do was play cricket for Yorkshire and England. However, he soon realised that to be paid to watch films, football and cricket would be the best way to spend life, and he became a journalist. Television beckoned and for three decades Parkinson interviewed the movers and shakers of the late twentieth century, making his television programme the must-see event of the week. In singing with Bing Crosby, dancing with Billy Connolly, flirting with Miss Piggy and sparring with Muhammad Ali, Parkinson proved himself one of the most engaging and durable hosts in both Britain and Australia. In *Parky*, he recalls a full life with honesty, insight and humour. Praise for *Parky*: Nothing less than riveting. *Mirror*. Joyous. *Telegraph*. Wonderfully readable. *Daily Mail*.
