Savage-Rumbaugh, 2005-08-05 Sue Savage Rumbaugh's work on the language capabilities of the bonobo Kanzi has intrigued the world because of its far reaching implications for understanding the evolution of the human language This book takes the reader behind the scenes of the filmed language tests It argues that while the tests prove that Kanzi has language the even more remarkable manner in which he originally acquired it spontaneously in a culture shared with humans calls for a re thinking of language emphasizing its primal cultural dimensions      Hidden Country Henry Oyen, 2023-09-12 Reproduction of the original      Theft BK Loren, 2012-06-01 A master wildlife tracker's life is thrown into upheaval when she is tapped to hunt not the animals of America's Southwestern terrain but her own troubled brother Willa Robbins is a master tracker working to reintroduce the Mexican wolf North America's most endangered mammal to the American Southwest But when Colorado police recruit her to find her own brother Zeb a confessed murderer she knows skill alone will not sustain her Willa is thrown back into the past surfacing memories of a childhood full of intense love desperate mistakes and gentle remorse Trekking through exquisite New Mexico and Colorado landscapes with Zeb two steps ahead and the police two steps behind Willa must wrangle her desire to reunite with her brother and her own guilt about their violent past In this remarkable debut Loren's lyrical prose gives voice to the wildlife and land surrounding these beautifully flawed characters breathing life into the southwestern terrain Within this treacherous and mesmerizing landscape Theft illustrates the struggle to piece together the fragile traces of what has been left behind allowing for new choices to take shape This is a story about family about loss and about a search for answers
