Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. Research Libraries,1979 **Wallace Stevens among Others** David R. Jarraway,2015-09-01 In Wallace Stevens among Others David Jarraway explores the extraordinary achievement of Wallace Stevens but in contexts that are not usually thought about in connection with Stevens s work gay literature contemporary fiction Hollywood film and avant garde architecture among others By viewing the poet among these other contexts Jarraway considers the nature of self reflection and pays special attention to the discrediting of self presence as the principle of identity in American writing a theme that reflects American authors abiding concern for subjectivities that engage the world from spaces of distance and difference By returning to the work of Stevens Jarraway seeks to refurbish this preoccupation by linking it to the literary theory of French philosopher Gilles Deleuze whose work applies to American writers from Melville and Whitman to Fitzgerald and Cummings Jarraway forges the link between Deleuze and Stevens by drawing out the female subjectivity found in each writer s work to rethink the more static masculinist premises of being Informed by a deep knowledge of and fluency with the work of Stevens and Deleuze Jarraway uses these writers as a means of entry into American literature and culture Wallace Stevens among Others is a sophisticated analysis that will open new directions for future scholarship **Catalogue** United States Naval Academy,1969 **Alphabetic Catalogue of the English Books in the Circulating Department of the Cleveland Public Library** Cleveland Public Library,1889 American Writers Elizabeth H. alternative facts has not only drawn attention to the shattering of any notion of shared reality but has also forced a reexamination of the purpose and value of literature especially when considering its troubled relation to the representation of America The authors in this collection respond to the invitation to reassess the workings of fiction and critique in an age of Trumpism by considering some of the most recent literary responses to the new American realities including works by Colson Whitehead Ben Winters Claudia Rankine Gary Shteyngart Jennifer Egan and Steve Erickson to name but a few some of which were composed in the run up to the 2016 election but were able to accurately and incisively imagine the world to come
