Six Early Stories Sun And Moon Classics:

Six Early Stories Thomas Mann, 1997 When they think of the stories of the great German writer Thomas Mann most American readers will recall *Stories of Three Decades* translated in 1936 however that edition purposely excluded several early tales of Mann which the translator found tentative and awkward efforts As noted translator and editor of this volume Burton Pike notes however Times and interests change in 1936 Thomas Mann in exile from Nazi Germany was celebrated as a leading spokesman for the threatened humanistic values of Western Civilization His early development seemed unimportant within that context but such a judgment now seems arbitrary and wrong Indeed the six stories of this volume are all quite wonderful examples of this genre and even more revelatory with regard to Mann's themes and styles Experimenting with a complex multi layered narrative Mann explored new approaches to the psychologies of his characters with a strong fresh voice of a major talent These early stories ably translated by Peter Constantine and edited by Burton Pike are well worth reading They are also a welcome addition to the body of Mann's work in English But they are something more They remind us of what has been lost in the dissolution and passing of modernism The boldness daring and risk taking in both formal technical matters and in explicit thematic explorations remain as admirable today as they were a century ago Steven Marcus New York Times Book Review *Translation Review*, 2008 *Classic Collection. The Books of Enoch. Second Book of Enoch. Third Book of Enoch. Illustrated Enoch*, 2025-02-20 The Book of Enoch is an ancient Hebrew apocalyptic religious text ascribed by tradition to Enoch the great grandfather of Noah Enoch contains unique material on the origins of demons and Nephilim why some angels fell from heaven an explanation of why the Genesis flood was morally necessary and prophetic exposition of the thousand year reign of the Messiah Three books are traditionally attributed to Enoch including the distinct works 2 Enoch and 3 Enoch although none of the three books are considered canonical scripture by the majority of Jewish or Christian bodies Contents The Ethiopian Book of Enoch Slavic Enoch or Secrets of Enoch The Hebrew Book of Enoch The Book of Rabbi Ishmael the High Priest [The classic collection of Napoleon Hill 6 books.](#) [Illustrated](#) Napoleon Hill, 2023-03-27 Oliver Napoleon Hill was an American self help author He is best known for his book *Think and Grow Rich* 1937 which is among the best selling self help books of all time Hill's works insisted that fervid expectations are essential to improving one's life Most of his books were promoted as expounding principles to achieve success *Think and Grow Rich* is a book released in 1937 and promoted as a personal development and self improvement book He claimed to be inspired by a suggestion from business magnate and later philanthropist Andrew Carnegie However there is no evidence that the two ever met The book is considered a classic in the personal development genre and has been widely influential in shaping the way people think about success and wealth *The Law of Success in 16 Lessons* is an edited version of Napoleon Hill's first manuscript which was reworked under the advisement of several contributors This version was initially published in 1928 as a multi volume correspondence course Later editions consolidated the material into a single hardcover
