The Inner Kalacakratantra Vesna Wallace, 2001-08-16 The Kalacakratantra the latest and most comprehensive Buddhist Tantra available in its original Sanskrit has never been the topic of a full scale scholarly study This fascinating volume fills that gap concentrating on the inner Kalackaratantra and discussing the nature of human beings **Household and Family Characteristics**, 1994 **Elmdon** Jean Robin, 1980-09-04 Elmdon is a social history of a village in north west Essex between 1861 and 1964 Throughout this period the population of Elmdon which lies only fifty miles from London was comparatively small and this has enabled Jean Robin to follow the lives of individuals and families in the village in a degree of detail which can illuminate many areas not always thoroughly explored Using the records electoral rolls and other written sources as well as information obtained through anthropological techniques of interviewing carried out between 1962 and 1972 by students from the Department of Social Anthropology at the University of Cambridge she examines patterns of land ownership employment marriage social mobility and migration and analyses the effects of both local and national events on the lives of Elmdon s inhabitants over a hundred year period **Proceedings**, 1972 **Jewish Lives and Jewish Education in the UK** Helena Miller, Alex Pomson, 2024-06-30 The book explores the evolving relationships between parents and children the significance of the Jewish school in their lives how young people think about religious practices and their lives in the UK It addresses issues related to families and schooling and pays special attention to the transitions to secondary school and then to life opportunities in the following years It also uncovers the effect of these transitions on the family and of the family on those transitions The book views these phenomena through the prism of a ten year period from when research participants were eleven years old until they were twenty one drawing on a range of theoretical frameworks to help make sense of what was observed The data help clarify how Jewish schools function as both public and community based institutions and what they do and do not contribute to the lives of young people The research reported includes large scale survey data sets as well as repeated in depth interviews with parents and their children The findings have multiple implications for practitioners policy makers and researchers as they seek ways to understand and engage with families and schools This book also appeals to researchers who are interested in the development of religious and cultural identity in the context of minority groups within multicultural societies **The Lost and Found**, Samuel Byram Halliday, 1860 Will the Family Farm Survive in America? United States. Congress. Senate. Select Committee on Small Business, 1975 **Street Railway Conditions in Th District of Columbia** United States. Congress. Senate. Shireman, 1985-11-15 Care and Commitment is the first book to address the growing issue of foster parent adoption Meezan and Shireman go directly to the source to find out why some foster parents when given the opportunity choose to adopt the children in their care while others do not Differences between the two sets of families are explored in terms of family

characteristics child characteristics family child interaction and child welfare agency service The culmination of a two year study this book presents the perspectives of both families who have made the decision and their social workers It affords also the first look at foster parent adoptions that have failed highlighting the importance of agency service in such adoptions The book s timely and original findings are crucial for child welfare practitioners and all those interested in permanency planning for children and in the processes of family formation **The Szekler Nation and Medieval Hungary** Nathalie

Kalnoky,2019-12-26 In 13th century the Szeklers were granted a territory Terra Sirulorum on the eastern border of the kingdom of Hungary These lands were donated by the king to the community as a whole in exchange for the armed border guard service The use of Szekler customary law based on a military judicial and most likely multi ethnic clan structure was confirmed by the Hungarian crown Based on extensive archival sources from the 13th to 16th centuries this fascinating book examines how customary law maintains complex structures of clan membership as a condition of access to judicial and military dignities and how the Szeklers developed rules for land ownership and devolution These documents recall legal principles in which the clan has pre eminence over individuals all free and equal before their laws In this period one can observe an evolution towards individual property a factor of inequality constantly shaped and limited by the Szeklers determination to safeguard their freedom This unique text is vital reading for scholars interested in Hungarian history medieval law and clan structures *SPIRIT MARTIAL WORLD CHAPTER 129* Nguyen Huong,2025-07-25 *SPIRIT MARTIAL*
