Six Novelists Look At Society:

Six Novelists Look at Society John Alfred Atkins,1977 **Six Novelists Look at Society** John Atkins,1977

Novelists Against Social Change Kate Macdonald,2019-02-22 Novelists Against Social Change studies the writing of John Buchan Dornford Yates and Angela Thirkell to show how these conservative authors put their fears and anxieties into their best selling fiction Resisting the threats of change in social class politics the freedom of women and professionalization produced their strongest works **The Novels of C. P. Snow** Suguna Ramanathan,1978 **Writers Directory** NA,2016-03-05 *The Poison at the Source* P. Brown,1992-03-10 An examination of a number of English women novelists who portrayed the crises and conflicts in the development of the female consciousness as a response to the anomalies of the rapidly changing world of the early twentieth century when opportunities for self expression and fulfilment were beginning to open up for women but nineteenth century values and prejudices still widely prevailed May Sinclair Radclyffe Hall Rosamond Lehmann Antonia White and Dorothy Richardson are seen as outspoken and innovative writers often marginalised or ignored by serious criticism *Hartley: The Go-Between* G Brown,1993-03-23 This is a Bloomsbury Academic title For our full Academic Catalogue please visit <https://www.bloomsbury.com/uk/academic> *C.P. Snow's Strangers and Brothers as Mid-twentieth-century History* Terrance L. Lewis,2009 This book studies C P Snow s eleven volume series of novels Strangers and Brothers as documents detailing the social and political life of mid twentieth century Britain and points out the uses for the novels in the academic study of that time period Both Snow and his central character Lewis S Eliot started from unremarkable origins in terms of their mutual background in the lower reaches of the middle class their dreams of success in their teen years and their early professional education in a new struggling academic institution in the mid 1920s Neither could really be considered typical for men of their class Eliot s working life would include being a very minor town clerk a barrister an advisor to a powerful industrialist a Cambridge don a moderately powerful civil servant and finally in early retirement a writer Eliot would befriend members of both the traditional and Jewish upper classes scholars and brilliant scientists powerful behind the scenes civil servants second tier British and Nazi politicians financiers and industrialists Communists and writers and artists providing a fairly broad overview of parts of the middle class and ruling elites of the periods Snow s sequence of novels is therefore useful to the historian of twentieth century Britain both in understanding the period as it recedes away from common experience and in presenting the period in the classroom Snow was a classic twentieth century writer who presented a more balanced account of the British governing classes of the middle third of the twentieth century than did the upper class and would be upper class or working class writers of the same period His novels provide an insight that every student of twentieth century Britain must have on hand **Business Life and Public Policy** Neil McKendrick,R. B. Outhwaite,2002-06-06 Essays on the operations of businessmen and business values and how they have influenced governments **Six Tales Unveiled- 6 Novels in 1** Shu Chen Hou, Introducing Six Tales Unveiled 6 Novels in
