Skid Row Howard M. Bahr, 1977 **The Seven Deadly Sins** Stanford M. Lyman, 1989-01-01 When Stanford M Lyman authored *The Seven Deadly Sins Society and Evil* in 1978 it was hailed by Alasdair MacIntyre as a book of absorbing interest and importance_ that places us all in his debt By Nelson Hart as a masterful and thought provoking book_ that is the only scholarly treatment of sin that is so well informed by the best of ancient through modern perspectives By James A Aho as a work whose abstract hardly does justice to the scholarly and detailed analysis of sin And by Harry Cohen as a book_ that stands as a beautiful illustration of what holistic idiosyncratic interdisciplinary and creative thinking and writing can bring to bear on the age old problem of society and evil The American Sociological Association's section on the Sociology of the Emotions selected this book as one of the works that laid the foundations for the study of pride lust envy and anger basic sentiments embedded in the social process For this revised and expanded edition Lyman has written a new chapter Sentiments Sin and Social Conflict Toward a Sociology of the Emotions The new edition will be a valuable work for courses in social psychology ethics deviance and the sociology of morals and of religion **StreetWays** Eugene F. Provenzo, Edward Ameen, Alain Bengochea, Kristen Doorn, Ryan W. Pontier, Sabrina F. Sembiente, 2014-07-01 Photographs by Lewis P Wilkerson *StreetWays* Chronicling the Homeless in Miami is a collection of interviews with 28 homeless individuals living in downtown Miami and Miami Beach Besides extensive photographs of these people and their lives on the street the book also includes interviews with social service providers as well as a detailed analysis of homelessness in the United States and more specifically in Miami The work concludes with a policy analysis and suggestions for addressing issues of homelessness in Miami and the nation *StreetWays* attempts to make clear how and why homelessness occurs and what the actual lives and experiences of the homeless are about Through extensive interviews and extensive documentary photographs a selected group of homeless Miamians lose their invisibility as their experiences needs and aspirations are reported The book calls for a better understanding of the experience of homelessness places such as Miami and of the need to understand homelessness as an issue of diversity and human rights **Urban Interstices: The Aesthetics and the Politics of the In-between** Andrea Mubi Brighenti, 2016-02-11 Bringing together a team of international scholars with an interest in urban transformations spatial justice and territoriality this volume questions how the interstice is related to the emerging processes of partitioning enclave making and zoning showing how in between spaces are intimately related to larger flows networks territories and boundaries Illustrated with a range of case studies from places such as the US Quebec the UK Italy Gaza Iraq India and South east Asia the volume analyses the place and function of interstitial locales in both a disciplined urban space and a disordered space conceptualized through the notions of excess danger and threat Warning not to romanticize the interstice the book invites us to study it as not simply a place but also a set of phenomena events and social interactions How are interstices perceived and represented What is the politics of visibility that is applied to them How to capture their

peculiar rhythms speeds and affects On the one hand interstices open up venues for informality improvisation challenge and bricolage playful as well as angry statements on the neoliberal city and enhanced urban inequalities On the other hand they also represent a crucial site of governance even governance by withdrawal and urban management where an array of techniques ranging from military urbanism to new forms of value extraction are experimented At the point of convergence of all these tensions interstices appear as veritable sites of transformation where social forces clash and mesh prefiguring our urban future The book interrogates these territories proposing new ways to explore the dynamics events and visibilities that define them

Upscaling Downtown Richard E. Ocejo,2017-04-11 Once known for slum like conditions in its immigrant and working class neighborhoods New York City s downtown now features luxury housing chic boutiques and hotels and most notably a vibrant nightlife culture While a burgeoning bar scene can be viewed

as a positive sign of urban transformation tensions lurk beneath reflecting the social conflicts within postindustrial cities Upscaling Downtown examines the perspectives and actions of disparate social groups who have been affected by or played a role in the nightlife of the Lower East Side East Village and Bowery Using the social world of bars as windows into understanding urban development Richard Ocejo argues that the gentrifying neighborhoods of postindustrial cities are increasingly influenced by upscale commercial projects causing significant conflicts for the people involved Ocejo explores what community institutions such as neighborhood bars gain or lose amid gentrification He considers why residents continue unsuccessfully to protest the arrival of new bars how new bar owners produce a nightlife culture that attracts visitors rather than locals and how government actors including elected officials and the police regulate and encourage nightlife culture By focusing on commercial newcomers and the residents who protest local changes Ocejo illustrates the contested and dynamic process of neighborhood growth Delving into the social ecosystem of one emblematic section of Manhattan Upscaling Downtown sheds fresh light on the tensions and consequences of urban progress On the Bowery Benedict Giomo, 1989 As both theme and place the Bowery has been rich in meaning evocative in association long in development and representative of the inherent conflict between culture and subculture This award winning interdisciplinary study puts in perspective the social meaning and cultural significance of the Bowery from both historical and contemporary outlooks spanning the fields of American literature and social history culture studies symbolic anthropology ethnography and social psychology On the Bowery has special relevance in providing continuity for the systems of thought and methods of intervention that influence responses to the modern condition of homelessness in American cities today Disrupting Homelessness Laura Stivers, 2011-04-01 Disrupting Homelessness unmasks the futile assumptions of our present approaches to homelessness and suggests ways in which Christians and Christian communities can create a prophetic social movement to end poverty and homelessness Some Christian organizations focus on fixing the person and the behaviors that contribute toward homelessness Others promote home ownership for low income households Stivers criticizes both approaches and assesses to what extent these approaches buy into our culture's dominant ideologies on housing and homelessness and whether they promote justice and liberation for the least well off She then outlines an advocacy approach for churches to address the multiple causes of homelessness and prophetically to aim to make a home for all in God's just and compassionate community

The Homeless Person in Contemporary Society Cameron Parsell, 2018-05-23 The homeless person is thought to be different Whereas we get to determine our difference or sameness the homeless person's difference is imposed upon them and assumed to be known because of their homelessness Exclusion from housing either a commodity that should be accessed from the market or social provision signifies the homeless person's incapacities and failure to function in what are presented as unproblematic social systems Drawing on a program of research spanning ten years this book provides an empirically grounded account of the lives and identities of people who are homeless It illustrates that people with chronic experiences of

homelessness have relatively predictable biographies characterised by exclusion poverty and trauma from early in life Early experiences of exclusion continue to pervade the lives of people who are homeless in adulthood yet they identify with family and normative values as a means of imaging aspirational futures *International Encyclopedia of Housing and Home*, 2012-10-09 Available online via SciVerse ScienceDirect or in print for a limited time only The International Encyclopedia of Housing and Home Seven Volume Set is the first international reference work for housing scholars and professionals that uses studies in economics and finance psychology social policy sociology anthropology geography architecture law and other disciplines to create an international portrait of housing in all its facets from meanings of home at the microscale to impacts on macro economy This comprehensive work is edited by distinguished housing expert Susan J Smith together with Marja Elsinga Ong Seow Eng Lorna Fox O Mahony and Susan Wachter and a multi disciplinary editorial team of 20 world class scholars in all Working at the cutting edge of their subject liaising with an expert editorial advisory board and engaging with policy makers and professionals the editors have worked for almost five years to secure the quality reach relevance and coherence of this work A broad and inclusive table of contents signals or testifies to detailed investigation of historical and theoretical material as well as in depth analysis of current issues This seven volume set contains over 500 entries listed alphabetically but grouped into seven thematic sections including methods and approaches economics and finance environments home and homelessness institutions policy and welfare and well being Housing professionals both academics and practitioners will find The International Encyclopedia of Housing and Home useful for teaching discovery and research needs International in scope engaging with trends in every world region The editorial board and contributors are drawn from a wide constituency collating expertise from academics policy makers professionals and practitioners and from every key center for housing research Every entry stands alone on its merits and is accessed alphabetically yet each is fully cross referenced and attached to one of seven thematic categories whose wholes far exceed the sum of their parts **Housing the Homeless** Jon Erickson, Charles Wilhelm, 2017-07-12 Homelessness has become a lasting issue of vital social concern As the number of the homeless has grown the complexity of the issue has become increasingly clear to researchers and private and public service providers The plight of the homeless raises many ethical anthropological political sociological and public health questions The most serious and perplexing of these questions is what steps private charitable and public organizations can take to alleviate and eventually solve the problem The concept of homelessness is difficult to define and measure Generally persons are thought to be homeless if they have no permanent residence and seek security rest and protection from the elements The homeless typically live in areas that are not designed to be shelters e g parks bus terminals under bridges in cars occupy structures without permission e g squatters or are provided emergency shelter by a public or private agency Some definitions of homelessness include persons living on a short term basis in single room occupancy hotels or motels or temporarily residing in social or health service facilities without a permanent address Housing the Homeless is a
