photographs related to Martin Van Buren **I Freed Myself** David Williams,2014-04-21 For a century and a half Abraham Lincoln s signing of the Emancipation Proclamation has been the dominant narrative of African American freedom in the Civil War era However David Williams suggests that this portrayal marginalizes the role that African American slaves played in freeing themselves At the Civil War s outset Lincoln made clear his intent was to save the Union rather than free slaves despite his personal distaste for slavery he claimed no authority to interfere with the institution By the second year of the war though when the Union army was in desperate need of black support former slaves who escaped to Union lines struck a bargain they would fight for the Union only if they were granted their freedom Williams importantly demonstrates that freedom was not simply the absence of slavery but rather a dynamic process enacted by self emancipated African American

refugees which compelled Lincoln to modify his war aims and place black freedom at the center of his wartime policies

**Slaves No More** Ira Berlin, 1992-11-27 Three essays present an introduction and history of the emancipation of the slaves during the Civil War      **Conflict and Compromise** Roger L.
