Sleep As An Educator Its Spiritual Purpose And Value:

Universal Spiritualism William Juvenal Colville,1906 **With the adepts, tr. from the German** Franz Hartmann,1910 *Rediscovering the Spirit of Education After Scientific Management* Jim Neyland,2010-01-01 Education is being eroded Otherwise put education is more and more being brought under the yoke of a mode of thought that reduces it to something mechanical narrowly characterized by codes predefined outcomes protocols and rules The cause it is argued is the growing dominance of a new fashion in education called scientific management Scientific management has become the new and unquestionable orthodoxy in education As a consequence it has become increasingly difficult to imagine let alone articulate an alternative This book explores the origins and fundamental assumptions of scientific management and suggests how the spirit of education might be rediscovered by turning instead to a more ethical socially interpersonal and full bodied orientation The approach taken avoids the difficulties usually associated with such ethically oriented treatments of education by drawing on recent findings in neurophysiology psychology primate and language studies The book is a Reader and is designed to both supplement and invigorate undergraduate and postgraduate courses in education and to appeal to general readers who have an interest in education *Second International Research Handbook on Values Education and Student Wellbeing* Terence Lovat,Ron Toomey,Neville Clement,Kerry Dally,2023-11-14 This collection applies the principles underlying values education to addressing the many social and learning challenges that impinge on education today Insights in the fields of social and emotional learning student wellbeing and increasingly educational neuroscience have demonstrated that values education represents an efficacious pedagogy with holistic effects on students across a range of measures including social emotional and intellectual outcomes With schools in the 21st century confronting issues such as gender identity stemming radicalism mental health equity for disadvantaged groups bullying respect and the meaning of consent values education offers a way of teaching and learning that integrates and enhances student s affective and cognitive functioning The earlier edition of this book has become a standard reference for scholars and practitioners in the fields of values education moral education and character education Its citation rates reads and downloads have been consistently and enduringly high as have those of its companion text *Values Pedagogy and Student Achievement* A decade on the main purpose of the revised edition is to update and incorporate new research and practice relevant to values education Recent insights in the fields of neuroscience and social and emotional learning and their implications for education and student wellbeing are more overt than they were when the first edition was being compiled Additionally advanced thinking in the field of epistemology how humans come to know and therefore learn has also sharpened especially through the later writings of prominent scholars like Jurgen Habermas The revised edition has preserved the essential spirit and thrust of the original edition while making space for some of these new insights about the potential of values education to establish optimal and harmonious learning and social environments for both students and teachers *Light* ,1903 NEP Physical Education
