**Documents on Israeli-Soviet Relations, 1954-1967** Yaakov Ro'i, Yehoshua Freundlich, Boris Morozov, 2025-05-19 This book spanning the years 1965-1967 the years leading up to and culminating in the June 1967 Six Day War is the fourth in a four volume collection of documents from the Russian Federation and the Israeli State Archive portraying relations between the Soviet Union and the State of Israel. Most of the documents are communications composed by successive Soviet ambassadors in Israel and Israeli ambassadors in Moscow and their respective staff. They illustrate the way Soviet ideology placed Israel irreparably in the enemy western camp in the Cold War. Moscow's attempt to manipulate Israel into a seemingly neutral position in the international arena was therefore a ploy the failure of which was a foregone conclusion. Israel's efforts to normalise relations between the two states were by turns genuine and unserious and similarly doomed to fail both because of ongoing Soviet arms supplies to Egypt and Syria which Israel perceived as a major threat to its security and because the Israeli government and public felt a commitment to the well being of the Soviet Jewish minority that they saw as deprived of basic rights. The book will be of interest to scholars and students of Soviet foreign policy, Israel's formative years, the Arab-Israeli conflict and Soviet Jewry and it will be a must for university libraries.

**Canadian Gazette and Export Trader**, 1911    **Chemical, Color and Oil Record**, 1924    **The Japan Daily Mail**, 1901    **Natasha's Dance** Orlando

Figes, 2014-02-11 History on a grand scale an enchanting masterpiece that explores the making of one of the world's most vibrant civilizations. A People's Tragedy wrote Eric Hobsbawm did more to help us understand the Russian Revolution than any other book I know. Now in Natasha's Dance internationally renowned historian Orlando Figes does the same for Russian culture summoning the myriad elements that formed a nation and held it together. Beginning in the eighteenth century with the building of St Petersburg a window on the West and culminating with the challenges posed to Russian identity by the Soviet regime Figes examines how writers artists and musicians grappled with the idea of Russia itself its character spiritual essence and destiny. He skillfully interweaves the great works by Dostoevsky, Stravinsky and Chagall with folk embroidery, peasant songs, religious icons and all the customs of daily life from food and drink to bathing habits to beliefs about the spirit world. Figes's characters range high and low the revered Tolstoy who left his deathbed to search for the Kingdom of God as well as the serf girl Praskovya who became Russian opera's first superstar and shocked society by becoming her owner's wife. Like the European schooled countess Natasha performing an impromptu folk dance in Tolstoy's War and Peace the spirit of Russianness is revealed by Figes as rich and uplifting complex and contradictory a powerful force that unified a vast country and proved more lasting than any Russian ruler or state.

**Ecological Modernisation and Environmental Compliance** Shahpar Selim, 2013-02-01 Economic development that is environmentally, socially and ethically sound is at the forefront of contemporary debates all over the world. This is especially relevant to international trade where goods manufactured in least developed countries LDCs are being exported to developed

countries DCs via international supply chains This book looks at Bangladesh s ready made garments RMG industry the seventh largest in the world facing demands for environmental and social management according to standards set by consumers in environmentally progressive societies Apart from these concerns not having found cultural or institutional resonance in Bangladesh the pressures for cost reduction on time delivery and cheap labour in a highly competitive international market make the problem that much more complex In this book Selim uses the analytical framework provided by the ecological modernisation theory to examine the economic communicative and social political aspects of ethical trade and argues that the economy ecology relationship can indeed be a positive sum game if nation states and economic actors change their policymaking styles and greening behaviour to take advantage of scientific evidence and green technological opportunities     Board of Trade Journal ,1958
