St Cyril Of Alexandria The Christological Controversy Its History Theology And Texts:

St. Cyril of Alexandria: The Christological Controversy John A. McGuckin, 2015-12-22 St Cyril of Alexandria The Christological Controversy describes the turmoil of 5th century Christianity seeking to articulate its beliefs on the person of Christ The policies of the Theodosian dynasty and the conflicting interests of the patriarchal sees are set as the context of the controversy between Nestorius of Constantinople and Cyril of Alexandria a bitter dispute that racked the entire oecumene The historical analysis expounds the arguments of both sides particularly the Christology of Cyril which was adopted as a standard Many major texts are presented in new translations some of which have never before appeared in English These writings are essential reading in the history of doctrine The work will be an indispensable resource for all students of the period theologians and Byzantinists

Saint Cyril of Alexandria and the Christological Controversy. Its History, Theology, and Texts John McGuckin, 2004 *The Theology of St. Cyril of Alexandria* Thomas Weinandy, 2003-06-01 There is no book in English that treats the whole of Cyril's theological thought In the past scholars have normally focused on Cyril's Christology and left largely unexamined the remainder of his theological thought Thus the English speaking scholarly community has never fully appreciated the breadth the depth and the immense significance of Cyril's theology This book is therefore unique The editors have brought together many of the foremost experts on Cyril This international team examines all the major facets of his theology and here for the first time reveals the theology of Cyril of Alexandria as a magisterial whole

Cyril of Alexandria Norman Russell, 2002-04-12 This book presents key selections of Cyril's writings in order to make his thought accessible to students The writings are all freshly translated and an extended introduction outlines Cyril's life and times

The Christology of Karl Barth and Matta al-Miskin Hani Hanna, 2019-07-02 In The Christology of Karl Barth and Matta al Miskin Hani Hanna argues that two of the most renowned theologians of the twentieth century Karl Barth and Matta al Miskin Matthew the Poor redefine the reality of God and humanity christologically in similar ways Both theologians achieve this redefinition using historical rubrics that are closer to Scripture than the traditional metaphysical categories borrowed from Greek philosophy Rooted in their respective Reformed and Coptic Orthodox traditions their works can be placed in a dialogue that takes into account modern concerns about history revelation and human agency By providing an in depth analysis of both men's christologies Hanna also finds that Barth and Matta's christological view of reality has implications for interfaith and intercultural dialogues today

The Christology of Theodoret of Cyrus Paul B. Clayton Jr., 2007-08-09 Theodoret of Cyrus c 393 c 466 was the most able Antiochene theologian in the defence of Nestorius from the Council of Ephesus in 431 to the Council of Chalcedon in 451 While the works of Theodore of Mopsuestia and Nestorius are extant today only in translations or in fragments Theodoret's voluminous works are largely available in their original Greek This study of his writings throws considerable light on the theology of those councils and the final evolution and content of Antiochene Christology Clayton demonstrates that Antiochene Christology was rooted in the concern to

maintain the impassibility of God the Word and is consequently a two subject Christology Its fundamental philosophical assumptions about the natures of God and humanity compelled the Antiochenes to assert that there are two subjects in the Incarnation the Word himself and a distinct human personality This Christology is not the hypostatic union of the Councils of Ephesus and Chalcedon **Cyril of Alexandria** Norman Russell,2002-04-12 As a ruler of the church of Alexandria and president of the Third Ecumenical Council of 431 Cyril was one of the most powerful men of the fifth century Not only did he define the concept of christological orthodoxy for the next two centuries but he is also often regarded as an unscrupulous cleric who was responsible for the murder of the female philosopher Hypatia and for the overthrow of the archbishop Nestorius Cyril of Alexandria presents key selections of Cyril s writings in order to make his thought accessible to students The writings are all freshly translated and an extended introduction outlines Cyril s life and times his scholastic method his christology his ecclesiology his eucharistic doctrine his spirituality and his influence on the Christian tradition

Immaculate Misconceptions Amey Victoria Adkins-Jones,2025-03-16 Immaculate Misconceptions A Black Mariology begins with this claim to challenge how Christian thinking of salvation possibility and identity are challenged when we rethink assumptions about race gender and divine significance through the lens of the Virgin Mary and specifically through a return to the Black Madonna A layered journey is offered through art theology and culture to consider a theology arising from the condition of the Black Mother a theology following the condition of the Black Madonna a theology for the consideration of all those who pursue justice and life at the spiritual intersections of the world questioning the legislative doctrine around our perceptions of Mary as the mother of God and extending conversations forward to consider the what else of life Immaculate Misconceptions considers how Christian collusion with colonialism capitalism and anti Blackness have worked theologically to deny Blackness from the realms of the sacred Through the lens of art and icon the treatise thinks through Black women s reproductive legacies and revisits the figure of the Black Madonna as a necessary return to the womb as hush harbor birth as liturgy and Black life as holy **Scripture in Doctrinal Dispute** Frances M. Young,2024-08-13 How did Scripture function in early arguments about doctrine Historical criticism has revealed a gap between scripture and the mainstream doctrines that define Christianity today Not the least of these are the Trinity and two natures of Christ widely accepted since the fifth century but seemingly unfounded in historical readings of Scripture How did these dogmas become so integral to the faith in the first place Frances M Young tackles this monumental question in a culmination of decades of biblical and patristic research The second of two volumes Scripture in Doctrinal Dispute illuminates the role of biblical hermeneutics in the debates that forged Christian dogma on the nature of God Young shows how the theological commitments to God as the sole creator of all else from nothing shaped fourth and fifth century disputes over Christology and the Trinity Played out in the great councils of the fourth century and beyond these conflicts drove the need to discern doctrinal coherence in scripture The different sides relied on different prooftexts and the rule of faith served as the criterion

by which scriptural interpretation was measured thereby forming the basis of the creeds Nuanced and ecumenical Scripture in Doctrinal Dispute completes Young's magnum opus closing the gap between scripture and Christian tradition Young's magisterial study holds widespread implications for not only patristics but also exegesis and systematic theology

Exegeting the Jews: The Early Reception of the Johannine "Jews" Michael Azar, 2016-04-18 In Exegeting the Jews The Early Reception of the Johannine Jews Michael G Azar analyzes the rhetorical function of the Gospel of John's Jews in the earliest surviving full length expositions of John in Greek Origen's Commentary on John 3rd cent John Chrysostom's Homilies on John 4th cent and Cyril of Alexandria's Commentary on John 5th cent While scholarship often has portrayed the reception history Wirkungsgeschichte of the Gospel's Jews as simply and uniformly anti Jewish or antisemitic Azar demonstrates that these three writers primarily read John's narrative typologically employing the situation and characters in the Gospel not against contemporary Jews with whom they regularly interacted but as types of each patristic writer's own intra Christian struggle and opponents
