Sidney H. Griffith

St John Damascene Barlaam Ioasaph Loeb Classical Library:

St. John Damascene ,1914 The Loeb Classical Library. No. 34, James Loeb,1914 *Journal of the Royal Asiatic Society of Great Britain & Ireland* ,1929 Has appendices The Medieval Drama Sandro Sticca,1972-06-30 The religious medieval drama like the Church which produced it was international As such from its earliest beginnings in the tenth century *Quem quaeritis* to the thirteenth century *Ludi Paschales* and *Passion Plays* it exhibits a cultural and thematic unity binding the various plays a thematic unity from the fabric of Christian thought and a cultural unity from the fact that these productions at least up to the end of the thirteenth century generally share a technical philological medium the Latin language In later centuries this religious drama expressed in the vernacular remained an act of faith its purpose being to strengthen the faith of the worshippers and to express in visible dramatic terms the facts and values of Christian belief These essays were in their original form addressed to the third annual conference of the Center for Medieval and Early Renaissance Studies at the State University of New York at Binghamton The work of international authorities on the medieval drama they span many centuries and bear witness to the growth of the religious dramatic form and of the dramatic movement and temper of the liturgy in which that form finds its origin Omer Jodogne establishes a difference on the aesthetic level between dramatic works and their theatrical performance by pointing out that the surviving texts whether they were meant for reading or for a theatrical performance reproduce only what was said on the stage and succinctly what was done Wolfgang Michael suggests that the first medieval drama did not originate in a slow growth from the Easter trope *Quem quaeritis* but was rather an original creation of the author or authors of the *Concordia Regularis* He indicates that subsequent dramatic endeavors in their slow process of change and expansion reflect the working of tradition rather than an original spirit and form Sandro Sticca examines the creation of the first *Passion Play* and shows that Christ's passion became increasingly popular in the tenth century and that the new forces which allowed a more eloquent and humane visualization and description of Christ's anguish first appeared in the eleventh and twelfth centuries He also refutes the traditional view that the *Planctus Mariae* is the germinal point of the Latin *Passion Play* V A Kolve seeks to account for certain central facts about *Everyman* which have never had close critical attention He analyzes the Biblical and Patristic references within which the story is shaped and which are central to the understanding of other actions and to determining the meaning of the play Glynn Wickham after exploding on the evidence of reference alone the old categorizing of English Saint Plays as by products or late developments of *Mysteries* and *Moralities* turns to a critical discussion of the three surviving texts of English Saint Plays and of their original staging by means of diagrammatic illustrations providing a vivid visualization of their performance William Smolden takes an unaccustomed approach to the controversial question of the origins of the *Quem quaeritis* He maintains that when musical evidence is called on it brings about on a number of occasions a confutation of the theory of a textual writer From a detailed consideration of the two earliest *Quem quaeritis* he feels convinced that the place of origin of the

trope was the Abbey of St Martial of Limoges **John of Damascus: More than a Compiler**, 2022-12-05 John of Damascus the eighth century theologian of the newly re established Jerusalem Patriarchate remains understudied because many consider him no more than a compiler of tradition saying nothing original We challenge this misconception by exploring ways in which John made his sources his own his reception history his biography his philosophic appropriation and unique contribution how he presented his theology in locally significant ways his influence on subsequent generations and all his varied theological output in both its historical context and as received in Byzantine tradition Arabic Christianity in the Monasteries of Ninth-Century Palestine Sidney H. Griffith, 2024-12-11 The history of Christian literature took a new turn in the 8th century when monks in the monasteries of Palestine began to write theology and saints lives in Arabic they also instituted a veritable programme for translating the Bible and other Christian texts from Greek and Syriac into the language of the Qur'an the lingua franca of the Islamic caliphate This is the subject of the present volume Two key factors leading to this change as Professor Griffith indicates were that the confrontation with the developing theology of Islam created a direct need for apologetics to face this new religious challenge in its own language and second simply that as the memory of Byzantine power waned so too did the knowledge of Greek Issues of particular interest in this apologetic literature are those of the freedom of the will a key topic in the controversies between Melkites and Muslims and of the legitimacy of icon veneration a subject of great contemporary concern at the time of Iconoclasm in the Byzantine Empire L'histoire de la littérature chrétienne a pris un nouveau tournant au 8^e siècle lorsque les religieux des monastères de Palestine commencent à écrire la théologie et la vie des saints en arabe De même ils instituent un véritable programme de traduction de la Bible et autres textes chrétiens du grec et du syriaque en langue corannique la lingua franca du califat islamique Tel est l'objet du présent recueil Deux facteurs déterminants ayant conduit ce changement comme l'indique le professeur Griffith taient en premier lieu la confrontation avec une théologie islamique croissante qui créait un besoin pressant pour les apologues de faire face ce nouveau défi religieux dans la langue propre celui-ci en second lieu au fur et mesure que s'estompait la mémoire du pouvoir byzantin il en allait de même pour la connaissance que l'on avait de la langue grecque Ces textes traitent de q

Classified Catalogue of the Carnegie Library of Pittsburgh Carnegie Library of Pittsburgh, 1920 **Barlaam and Ioasaph** Saint John (of Damascus), 1914 The Greek version of the legend from which European versions collectively descend is attributed by some to Saint John of Damascus The Novel in Antiquity Tomas Hägg, 1991-12-16 Tracing the development of Greek romances from 200 B.C. through twelfth century Byzantium Tomas Hägg analyses the content plot and narrative techniques of the ancient novel and explores the social and literary milieu in which the genre flourished *Historicist Essays on Hispano-Medieval Narrative* Barry Taylor, Geoffrey West, 2005 In this volume seventeen scholars from Great Britain Ireland Spain and the US pay tribute to the memory of Roger M Walker Professor of Spanish at Birkbeck College London His publications were chiefly in the field of Old Spanish narrative epic romance hagiography and the Libro de buen amor and the

editors have sought to assemble contributions on these topics Versions of some of the papers were presented at the symposium held in Professor Walkers memory at Birkbeck College in October 1999
