St Lawrence Blues:

St. Lawrence Blues Marie-Claire Blais, 1985 St Lawrence Blues Marie-Claire Blais, Ralph Manheim, 1975 **Wild Blue** Dan Bortolotti, 2008-10-14 The blue whale holds the title of largest creature that has ever lived and it may also be the most mysterious The biggest blue whales can outweigh every player in Major League Baseball and the National Hockey League combined Their mouths can gulp more than thirteen thousand gallons of seawater A newborn can be over twenty feet long and gain nearly twenty tons in seven months about eight pounds per hour Blue whales emit more powerful sounds than any other animal on earth though many of their vocalizations are beyond the range of human hearing Yet nearly everything that we have learned about blue whales has come after humans almost wiped them out from the oceans A century ago some three hundred thousand roamed the seas But in the first decades of the twentieth century humans hunted and killed 99 9% of them Their numbers decimated the species seemed destined for extinction Only in recent years has the number slowly begun to increase along with hope for the blue whale's future Equal parts history and science Wild Blue is the first comprehensive portrait of the blue whale It draws upon new findings from scientists who have begun to identify individual blue whales and understand how they dive how they feed where they migrate and why they emit their haunting low frequency calls With deft poignant writing Dan Bortolotti gives us the most vibrant breathtaking view to date of these magnificent creatures

Montreal After Dark Matthieu Caron, 2025-06-13 Sex and jazz liquor and gambling Montreal in the early twentieth century was a city that offered an exceptional nighttime scene in North America By mid century that scene came under scrutiny and Montreal's influential mayor Jean Drapeau would be elected for the first time on a reformist platform that promised to end corruption Over more than three decades Drapeau would endeavour to transform Montreal into a world class global city by regulating its nightlife Montreal After Dark chronicles the spaces where nighttime regulations were enforced and contested City authorities understood the night as enabling disorder and they reorganized policing and crafted bylaws to gain control over it Police and politicians mutually reinforced each other's drive to morally cleanse the urban landscape especially for international events like Expo 67 and the 1976 Olympics But in an era of social unrest Drapeau's administration also found itself responding to the protective services discontent The political culture of the city was quickly transformed following terrifying nights without their services Matthieu Caron shows how in an effort to incorporate the night into the expansionary tendencies of consumer capitalism municipal authorities took sides in a debate over who had the right to public space at night what constituted acceptable behaviour or expression whose sexual activity sustained the social order and whose threatened to destroy it In terms that are strikingly familiar today Montreal After Dark elucidates how the desires of politicians would come to reorganize how consumption and leisure labour and dissent noise sex and art were lived in Montreal after the sun went down

Is Canada Postcolonial? Laura Moss, 2009-08-01 How can postcolonialism be applied to Canadian literature In all that has been written about postcolonialism surprisingly little has specifically addressed the position of Canada Canadian literature or Canadian culture Postcolonialism is a theory that has gained credence throughout the world it is be productive to ask if and how we as Canadians participate in postcolonial debates It is also vital to examine the ways in which Canada and Canadian culture fit into global discussions as our culture reflects how we interact with our neighbours allies and adversaries This collection wrestles with the problems of situating Canadian literature in the ongoing debates about culture identity and globalization and of applying the slippery term of postcolonialism to Canadian literature The topics range in focus from discussions of specific literary works to general theoretical contemplations The twenty three articles in this collection grapple with the recurrent issues of postcolonialism including hybridity collaboration marginality power resistance and historical revisionism from the vantage point of those working within Canada as writers and critics While some seek to confirm the legitimacy of including Canadian literature in the discussions of postcolonialism others challenge this very notion
