JOHNSTONE COUNTRY WHERE LEGENDS DIE HARD Riding shotgun Red Ryan leads a doomed stagecoach of the damned on the longest deadliest journey of his life 5 PASSENGERS 400 MILES 1 000 WAYS TO DIE According to local legend the stagecoach known as the Gray Ghost is either haunted cursed or just plain unlucky Each of its last three drivers and three more riding shotgun came to a violent bloody end And now it s Red Ryan s turn to guard five foolhardy passengers on the stage s next and possibly last trip The travelers are a small troupe of performers with dark histories of their own a song and dance man with a drinking problem a juggler with a secret a knife thrower with a past and a beautiful fan dancer who s on the run from a one eyed vengeance seeking outlaw Red s not the superstitious type But with Apaches on the warpath with bloodlust and a one eyed cutthroat killer on his trail this 400 mile journey is like something straight out of his worst nightmare And all the roads lead straight to hell Live Free Read Hard **The Overland Stage to California** Frank Albert

Root,William Elsey Connelley,1901 One of the most valuable narratives of the overland stage As the agent of the postal department Root oversaw the transportation of the mail over the great stage line The narrative is packed with anecdotes and details and is abundantly illustrated Bookdealer s description **Shakespeare, from Stage to Screen** Sarah

Hatchuel,2004-08-12 How is a Shakespearean play transformed when it is directed for the screen In this 2004 book Sarah Hatchuel uses literary criticism narratology performance history psychoanalysis and semiotics to analyse how the plays are fundamentally altered in their screen versions She identifies distinct strategies chosen by film directors to appropriate the plays Instead of providing just play by play or film by film analyses the book addresses the main issues of theatre film aesthetics making such theories and concepts accessible before applying them to practical cases Her book also offers guidelines for the study of sequences in Shakespearean adaptations and includes examples from all the major films from the 1899 King John through the adaptations by Olivier Welles and Branagh to Taymor s 2000 Titus and beyond This book is aimed at scholars teachers and students of Shakespeare and film studies providing a clear and logical apparatus with which to examine Shakespearean screen adaptations *A Lie of the Mind* Sam Shepard,1986 Currently a critical and box office

sensation Sam Shepard s newest play is amasterpiece of poetic and theatrical brilliance that looks unerringly at loveand family in the American West Copyright Libri GmbH All rights reserved **Women and Mobility on Shakespeares Stage** Elizabeth Mazzola,2017-07-06 Long before the economist Amartya Sen proposed that more than 100 million women were missing lost to disease or neglect kidnapping or forced marriage denied the economic and political security of wages or

membership in a larger social order Shakespeare was interested in such women's plight how they were lost and where they might have gone Characters like Shakespeare's Cordelia and Perdita Rosalind and Celia constitute a collection of figures related to the mythical Persephone who famously returns to her mother and the earth each spring only to withdraw from the world each winter when she is recalled to the underworld That women's place is far from home has received little attention from literary scholars however and the story of their fraught relation to domestic space or success outside its bounds is one that hasn't been told Women and Mobility investigates the ways Shakespeare's plays link female characters' agency with their mobility and thus represent women's ties to the household as less important than their connections to the larger world outside Female migration is crucial to ideas about what early modern communities must retain and expel in order to carve a shared history identity and moral framework and in portraying women as sometime daughters who frequently renounce fathers and homelands or queens elsewhere whose links to faraway places are vital to the rebuilding of homes and kingdoms Shakespeare also depicts global space as shared space and the moral world as an international one
