Diesel and Electric Motive Power on the Southern 1980s to Present David Goodyear, 2025-08-31 With the era of British Railways transition from steam to diesel and electric influencing the country wide fleets of trains beyond the 1970 s the Southern proved no exception to such integrated within its flotillas of commuter electric trains Southern Region motive power was territorial thanks to the requirement for electric trains to remain within the live third rail network Remaining pockets of non electrified routes provided the last bastions of diesel electric units and locomotive hauled trains not only in Dorset Sussex and Hampshire but also especially along the South West mainline to Exeter Although with a limited range of Class 33 47 50 and 73 locomotives serving the passenger sector in the 1980 s there remained interesting passenger workings to note such as that along Weymouth Quay or through the rural tranquillity of Devon s countryside to Barnstaple Railfreight ensured a wider variety of locomotives within in the Region Standard colours of B R blue and grey livery may have been monotonous but the bright and clean Network SouthEast colours were welcomed along with the much needed emphasis on running clean and punctual services as part of the Network SouthEast ethos Brand new fleets of trains in the Southern area continue to offer the railway enthusiast and photographer the chance to study the impact of privatisation in the modern railway Fortunately we have several preserved lines in the Southern area which perfectly capture the character of the traditional Southern branch line in the days of heritage diesels **Sheffield** , *America on Film* Harry M. Benshoff, Sean Griffin, 2011-08-26 *America on Film* Representing Race Class Gender and Sexuality in the Movies 2nd Edition is a lively introduction to issues of diversity as represented within the American cinema Provides a comprehensive overview of the industrial socio cultural and aesthetic factors that contribute to cinematic representations of race class gender and sexuality Includes over 100 illustrations glossary of key terms questions for discussion and lists for further reading viewing Includes new case studies of a number of films including Crash Brokeback Mountain and Quincea era **The Privatisation of British Rail** Sean McCartney, John Stittle, 2023-05-23 The privatisation of the British railway industry was a unique political and economic event An integrated industry was broken up into numerous component parts and sold off to private sector interests The result was a highly fragmented industry that was structurally unsound and operationally dysfunctional This authoritative volume presents an enlightening portrait of an industry that is less efficient more costly and still more dependent on state subsidy today than its nationalised predecessor The nine chapters in this work present a comprehensive and rigorous evaluation of how and why the industry has become so dysfunctional and costly supported by detailed financial

analysis and industry examples Seven chapters comprise a series of peer reviewed academic papers by Professor McCartney and Dr Stittle and published in leading international journals over the period 2004 2017 which analyse selected key segments of the privatised industry where appropriate updates are provided at the end of these chapters outlining developments since initial publication relevant to the analysis therein Two chapters are published here for the first time Chapter 7 reviews the performance of the freight sector while Chapter 1 bookends the volume by providing first an account of how rail privatisation was conceived and implemented in the 1980s 90s and then reviews the impact of the pandemic and the proposals of the Williams Shapps White Paper of 2021 which if enacted will effectively end the Major government s experiment Going far beyond the usual superficial analysis of the topic this volume will be of significant interest to researchers and advanced students of accounting economics business history transport studies as well as industry and specialised business interests in transport and privatisation

American Film and Society since 1945 Leonard Quart, Albert Auster, 2018-04-19 From Steven Spielberg s Lincoln to Clint Eastwood s American Sniper this fifth edition of this classic film study text adds even more recent films and examines how these movies depict and represent the feelings and values of American society One of the few authoritative books about American film and society American Film and Society since 1945 combines accessible fun to read text with a detailed insightful and scholarly political and social analysis that thoroughly explores the relationship of American film to society and provides essential historical context The historical overview provides a capsule analysis of both American and Hollywood history for the most recent decade as well as past eras in which topics like American realism Vietnam counterculture revolutions and 1960s films and Hollywood depictions of big business like Wall Street are covered Readers will better understand the explicit and hidden meanings of films and appreciate the effects of the passion and personal engagement that viewers experience with films This new edition prominently features a new chapter on American and Hollywood history from 2010 to 2017 giving readers an expanded examination of a breadth of culturally and socially important modern films that serves student research or pleasure reading The coauthors have also included additional analysis of classic films such as To Kill a Mockingbird 1962 and A Face in the Crowd 1957
