Esping-Andersen, 2024-11-01 These essays analyze the ideological and historical sources of the apparent reversal of the pattern of welfare state expansion in the United States Great Britain and Western and Eastern Europe Stagnation and Renewal in Social Policy Martin Rein, Gosta Esping-Andersen, Lee Rainwater, 1987 *Market Economy and Urban Change* Mohammed Hamza, Roger Zetter, 2013 Across the developing world the preceding decade or so has witnessed a profound reconfiguration of the political economy of urban policy This new policy environment is driven by globalization the neo liberal macro economic package of market enablement and structural adjustment which now form the dominant development paradigm The consequences of this approach for urban development agendas and ultimately the lives and livelihoods of millions of people across the globe are profound *Market Economy and Urban Change* explores and evaluates urban sector and development policies in the context of market enablement and the associated instruments of structural adjustment urban management reform and good governance By articulating the linkages between this neo liberal development paradigm and the way different actors in the urban sector enact policy responses the book provides an understanding of both the factors driving market enablement and its impacts on urban sector policies and programmes With case studies drawn from countries such as Egypt Mexico Kenya Brazil Colombia and transitional economies the book focuses in particular on the implications for land shelter and related sectoral policies for poverty alleviation By linking policy to practice the book seeks to inform policy makers in governments donor and implementing agencies of the impact of shifts in the development debate on urban sector strategies

Ideal Types in Comparative Social Policy Christian Aspalter, 2020-12-06 This book introduces readers to the world of ideal types within the readings of Max Weber by giving a theoretical understanding of ideal types as well as applying the development of ideal types to an array of social policy arenas The 21st century has seen the development of welfare regime analysis marked by two differing strands real typical welfare regime analyses and ideal typical welfare regime analysis the latter focusing on the formation development and application of ideal types in general comparative social policy Designed to provide new theoretical and practical frameworks as well as updated in depth developments of ideal typical welfare regime theory this book shows how Weber's method of setting up and checking against ideal types can be used in a wide variety of policy areas such as welfare state system comparison comparative social and economic development health policy mental health policy health care system analysis gender policy employment policy education policy and so forth The book will be of interest to all scholars and students working in the fields of social policy including health policy public policy political economy sociology social work gender studies social anthropology and many more The Oxford Handbook

of Governance and Public Management for Social Policy Karen J. Baehler, 2023 Public administration plays an integral role at every stage of social policy creation and execution Program operators management decisions shape policymakers perceptions of what can and should be accomplished through social programs while public administrators wield considerable power to mobilize tangible and intangible resources and fill gaps in policy designs Furthermore the cumulative effects of public administrators daily activities directly influence outcomes for program participants and may shift policy itself Location also matters to social policy as those same administrators are expected to innovate continuously in response to shifting local and national conditions including changes in budgetary allocations client needs and capacities and public attitudes This Handbook will aim to capture what is being learned across six geographical regions Africa Asia Australasia Europe Latin America and the U S and Canada Specifically each regional section will contain 6 10 chapters canvassing a particular set of promising practices or emerging challenges at the regional or sub regional level in addition to a brief overview written by the section editor The regional sections will be flanked by integrative chapters As a whole the volume contains 65 chapters

Social Policy Reform in China Catherine Jones Finer, 2017-11-01 This title was first published in 2003 The People s Republic of China PRC is a timely example of social policy reform in a socialist market economy This important and topical edited collection brings together leading Chinese and Western experts to introduce and integrate policy issues of the PRC into the mainstream of cross national social policy debate Drawing upon comparativist expertise in relevant aspects of social policy the book explores the ways in which the PRC has or has not taken lessons from abroad in key social policy respects and illustrates policy relevant relations between Chinese and Western perspectives The contributors identify those aspects of China s recent social policy reforms that seem the most and least likely to appeal to Western societies The collection therefore represents a substantial advance in two way East West lesson learning in social and public policy

The Three Worlds of Welfare Capitalism Gosta Esping-Andersen, 2013-05-29 Few discussions in modern social science have occupied as much attention as the changing nature of welfare states in western societies Gosta Esping Andersen one of the most distinguished contributors to current debates on this issue here provides a new analysis of the character and role of welfare states in the functioning of contemporary advanced western societies Esping Andersen distinguishes several major types of welfare state connecting these with variations in the historical development of different western countries Current economic processes the author argues such as those moving towards a post industrial order are not shaped by autonomous market forces but by the nature of states and state differences Fully informed by comparative materials this book will have great appeal to everyone working on issues of economic development and post industrialism Its audience will include students and academics in sociology economics and politics

The New Chinese City John Logan, 2011-07-18 Urbanisation and urban development issues are the focus of this comprehensive account which introduces readers to the far reaching changes now taking place in Chinese cities

Social Housing in Transition Countries Jozsef Hegedus, Martin Lux, Nóra Teller, 2013 This

volume intends to fill the gap in the range of publications about the post transition social housing policy developments in Central and Eastern Europe by delivering critical evaluations about the past two decades of developments in selected countries social housing sectors and showing what conditions have decisively impacted these processes Contributors depict the different paths the countries have taken by reviewing the policy changes the conditions institutions work within and the solutions that were selected to answer the housing needs of vulnerable households They discuss whether the differences among the countries have emerged due to the time lag caused by belated reforms in selected countries or whether any of the disparities can be attributed to differences inherited from Soviet times Since some of the countries have recently become member states of the European Union the volume also explores whether there were any convergence trends in the policy approaches to social housing that can be attributed to the general changes brought about by the EU accession
