Stakes Of Democracy In Southeast Asia:

The Stakes of Democracy in South-East Asia (RLE Modern East and South East Asia) H. J. van Mook, 2015-04-10 Will national independence bring to the peoples of South East Asia liberty and democracy Or will it mean corrupt government factional strife and insolvency Or will it mean eventual absorption by totalitarian communism In this book first published in 1950 the author analyses these questions using the case history of Indonesia since 1940 in which he played a leading role to illustrate his points He gives an outline of the history of South East Asia its domination by the West and its convulsion by war and nationalism The seven nations of South East Asia Ceylon Burma Siam Indo China Malaya Indonesia and the Philippines have a great deal in common except for Siam they are all struggling through the formative years of nationhood except for Ceylon they were all occupied and pillaged by Japan during the War They are of great value to other nations as a source of raw materials and foodstuffs Their political and economic structure is of vital importance both to themselves and to us and unless their new nationalism can be strengthened the free world may lose a valuable asset to its economy and an ally against totalitarianism in Asia

Amir Sjarifoeddin Rudolf Mrázek, 2024-10-15 Amir Sjarifoeddin explores the experiences of a central figure in the Indonesian revolution whose life mirrored the idealism and contradictions of the anti colonial and post war world of twentieth century Indonesia Amir was born at the edge of an empire in a time of change Imprisoned by the Dutch for anti colonialism he was sentenced to death by the Japanese for anti fascism He survived to become the prime minister of the new Indonesian republic Disappointed by the direction the Indonesian elites were taking Amir turned increasingly to the left In 1948 he joined the armed uprising against both the Indonesian government and the corruption of the national revolution and was captured and executed as a traitor In *Amir Sjarifoeddin* Rudolf Mr zek unveils the human dimensions of a figure who is widely mythologized but often poorly understood Through Sjarifoeddin s life it is possible to study the moral ambiguity and complexities of the political revolutions of the twentieth century *Political Change in Southeast Asia* Jacques

Bertrand, 2013-07-11 Southeast Asia is a vast and complex region comprising countries with remarkably diverse histories and cultures Jacques Bertrand provides a fresh and highly original survey of politics and political change in this area of the world Against the backdrop of rapid economic development and social transformation in several countries he explores why some countries have adopted democratic institutions while others have maintained stable authoritarian systems or accepted communist regimes Bertrand presents a historically grounded account of capitalist countries and state socialist countries delving into the historical experience of individual countries whilst simultaneously providing a comparative framework with which to draw parallels and foster a better understanding of the political and economic dynamics both within and between

the countries With powerful yet accessible analysis and detailed coverage this book offers students and scholars a thorough and thought provoking introduction to the political landscape of Southeast Asia **The Geopolitics of Health in South and Southeast Asia** Vivek Neelakantan,2023-02-27 This book analyses the complexity of South and Southeast Asia in international health taking into account the impact of the geopolitics of the Cold War on the development of public health and development in the regions In light of the recent health pandemic which has mobilized experts and governments and led to a securitized approach to global health this book offers a regional approach to global health histories The chapters provide case studies ranging from the Cold War to the present time and covering countries from across South and Southeast Asia Contributors analyse issues related to disease control an adjunct to wider Cold War geopolitics They also examine the responses of regional organizations particularly the ASEAN Association of Southeast Asian Nations and SAARC South Asian Association for Regional Cooperation towards COVID 19 Collectively the book illustrates how narrowly conceived global health programs implemented by aid agencies failed to account for the local national or regional contexts Situating health in South and Southeast Asia in broader global contexts the book will be a valuable contribution to the History of Medicine and Health and Political Economy of South and Southeast Asia Catalog of the Foreign Relations Library Foreign Relations Library,1969 *A Selected Bibliography on Southeast Asia* ,1952
