

Stalin The Man His Era

Adam B. Ulam

Stalin The Man His Era:

Stalin Adam B. Ulam, 1989 Perestroika and glasnost have unleashed unprecedented criticism of Joseph Stalin in the Soviet Union and the terrible legacy of his regime has been acknowledged by Mikhail Gorbachev **Stalin** Adam Bruno Ulam, 2007 In this biography of Joseph Stalin Adam Ulam explores the secret of his power the hold his memory still has over the imagination the suffering he inflicted upon his own society the unprecedented triumphs achieved by the Soviet Union under his leadership and the mysteries surrounding his death *Russian Leaders* Alexander Dragomiroff, 2002 Russian Leaders A Bibliography With Indexes *Khrushchev: The Man and His Era* William Taubman, 2004-03-30 Tells the life story of twentieth century Soviet leader Nikita Khrushchev featuring information from previously inaccessible Russian and Ukrainian archives **Stalin on Linguistics and Other Essays** P. Gray, 2002-05-21 Piers Gray was one of the most brilliant literary writers of his generation These essays ranging from Oscar Wilde to Levin from Shakespeare to pulp fiction use the full resources of literary and linguistic analysis to produce a reading of European culture and society in the twentieth century In his final posthumous essay On Linearity Gray summons all his reading and knowledge to deliver his final judgement on life and death *Joseph Stalin* David R. Egan, Melinda A. Egan, 2007-07-25 With the opening of Russian and communist bloc archives dating from the Soviet era there has been a significant increase of scholarly writings pertaining to Joseph Stalin Widely considered to be among the most influential historical figures of the twentieth century Stalin continues to be a source of intense study In the absence of a comprehensive compilation of periodical literature the need for Joseph Stalin An Annotated Bibliography of English Language Periodical Literature to 2005 is conspicuous Ranging from editorials and news reports to academic articles the more than 1 700 sources cited collectively cover the full range of his life the various aspects of his leadership and virtually all facets of the system and practices traditionally associated with his name The coverage in this bibliography extends beyond the person of Stalin to include the subjects of Stalinism the Stalinist system the Stalin phenomenon and those policies and practices of the Communist Party and Soviet state associated with him This volume also provides a record of scholarly opinion on Stalin and sheds light on the evolution and current state of Stalinology An effort has been made to list only those articles in which Stalin figures prominently but in some instances articles have been included which do not center on Stalin but are worthy of listing for other reasons The book is divided into fourteen main sections General Studies and Overviews Biographical Information and Psychological Assessments The Revolutionary Movement October Revolution and Civil War Rise to Power Politics Economics Society and Social Policy Nationalism and Nationality Policy Culture Religion Philosophy and Theory Foreign Relations and International Communism Military Affairs and De Stalinization Including a subject index of several hundred headings and even greater number of subheadings this comprehensive annotated bibliography should be of benefit to those individuals who for the purpose of research or classroom Joseph Stalin and the Art of Tyranny William Nester, 2025-10-30 Joseph Stalin and the Art of Tyranny examines

authoritarian rule revealing how tyrants sustain power through a mix of comfort terror love and fear often convincing their subjects of their divine purpose Such leaders build systems of loyalists and subservient institutions enabling unchecked authority Joseph Stalin exemplifies this tyranny As Soviet leader from 1929 to 1953 he implemented totalitarian policies nationalizing industry and agriculture controlling economic production through five year plans and eliminating dissent through imprisonment forced labour or execution His brutal regime caused an estimated 20 million deaths Despite this grim legacy Stalin s reputation remains divisive In Western democracies he is remembered as a genocidal dictator but in Russia he often ranks among the most admired historical figures illustrating the paradox of his influence Stalinism served as a model for Communist regimes in China Vietnam and Cuba shaping their governance While many of these nations transitioned toward democracy countries like Russia China and North Korea continue to echo Stalinist practices Modern leaders such as Saddam Hussein Vladimir Putin and Xi Jinping have adopted similar strategies of control Joseph Stalin and the Art of Tyranny offers crucial insights into authoritarianism revealing the enduring appeal and devastating impact of totalitarian rule

Stalin Adam Bruno Ulam,1987 The European Powers in the First World War Spencer C. Tucker,2013-12-16 Focuses on a great watershed event The First World War was one of the great watershed events of the 20th century not only costing millions of live but also disrupting existing social order precipitating dramatic changes in the methods of waging warfare and teaching victors new lessons about the treatment of vanquished foes Provides valuable perspective Now a new reference work helps to put this momentous historical milestone in perspective Designed as a companion to Garland s The United States in the First World War this new encyclopedia concentrates on non U S aspects of the conflict Its more than 600 alphabetically arranged detailed entries offer information and insights on such topics as the perceived and underlying causes of war diplomatic efforts to stop the slaughter the shortsighted and ultimately disastrous peace terms and a host of other subjects vital to a full understanding of the events The Encyclopedia covers all major campaigns and battles surveys weapons and devices of war and examines the roles played in the events by statesmen politicians religious and military leaders and prominent citizens Covers key participants and concerns Also included are biographies of individuals profoundly affected by the war who played major roles in history such as De Gaulle Hitler appraisals of military medicine infantry tactics the use of artillery naval blockades and other subjects and surveys of such diverse topics as art literature and music in the war camouflage censorship propaganda the creation of Yugoslavia the Jewish Legion codebreaking women in the war and much more Each entry is followed by a bibliography for pursuing inquires in depth and a subject index provides easy access

Totalitarianism and the Prospects for World Order Alexander Shtromas,2003-01-01 A remarkably prescient thinker Aleksandras Shtromas devoted his life to understanding totalitarianism and political change This posthumous collection of writings edited by Robert Faulkner and Daniel J Mahoney addresses some of the topics that preoccupied Shtromas throughout his life including totalitarian regimes postcommunist transitions the fates of the Baltic states and the nature of

political revolutions
