Stalinism In Ukraine In The 1940s:

Stalinism in Ukraine in the 1940s David R. Marples, 1992 In this first publication in the West devoted to the 1940s period in Ukraine David Marples makes extensive use of Soviet and Ukrainian materials including many made available in the Gorbachev era to examine the different facets of the Stalinist system in Ukraine *STALINISM in UKRAINE in the 1940s* D. Marples, 1992-10-27 Stalinism in Ukraine in the 1940s focuses on the economic and social problems in Ukraine particularly during the war years and the collectivization of agriculture in Western Ukraine in the late 1940s It compares the imposition of the Stalinist system in Eastern Ukraine in the 1930s to that in Western Ukraine in the following decade using recently released Soviet archival information and historical works **STALINISM in UKRAINE in the 1940s** D.

Marples, 1992-10-27 Stalinism in Ukraine in the 1940s focuses on the economic and social problems in Ukraine particularly during the war years and the collectivization of agriculture in Western Ukraine in the late 1940s It compares the imposition of the Stalinist system in Eastern Ukraine in the 1930s to that in Western Ukraine in the following decade using recently released Soviet archival information and historical works **The Soviet Counterinsurgency in the Western**

Borderlands Alexander Statiev, 2010-04-19 This book investigates the Soviet response to nationalist insurgencies between 1944 and 1953 in the regions the Soviet Union annexed after the Nazi Soviet pact *A History of Ukraine* Paul R. Magocsi, 2010-01-01 Dotyczy m in Kres w wschodnich Rzeczypospolitej *Politics, Society and Stalinism in the USSR* John Channon, 1998-07-15 Over the past two decades in the West there has been a substantial re appraisal of the Stalinist period Social historians in particular have focused their attention on the social dynamics of Stalinism This collection of essays is based on a conference held at the School of Slavonic East European Studies the University of London on Stalin and Stalinism The contributors have analysed specific areas of the research available on Stalin and Stalinism in the USSR debate Their work should be placed within the context of current scholarship in the field both in the Former Soviet Union and the West This groundbreaking text will be critical in stimulating interest in the subject and providing material for further debate

Historical Dictionary of Ukraine Ivan Katchanovski, Zenon E. Kohut, Bohdan Y. Nebesio, Myroslav Yurkevich, 2013-07-11 Although present day Ukraine has only been in existence for something over two decades its recorded history reaches much further back for more than a thousand years to Kyivan Rus Over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 Today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it remains uncertain of which way to turn Nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked The problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the Historical Dictionary of Ukraine in its first edition and now even more so with this second edition It now boasts a dictionary section of

about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture The chronology permits readers to follow this history and the introduction is there to make sense of it It also features the most extensive and up to date bibliography of English language writing on Ukraine

Stalin's Empire of Memory Serhy Yekelchuk,2015-01-15 Based on declassified materials from eight Ukrainian and Russian archives Stalin's Empire of Memory offers a complex and vivid analysis of the politics of memory under Stalinism Using the Ukrainian republic as a case study Serhy Yekelchuk elucidates the intricate interaction between the Kremlin non Russian intellectuals and their audiences Yekelchuk posits that contemporary representations of the past reflected the USSR's evolution into an empire with a complex hierarchy among its nations In reality he argues the authorities never quite managed to control popular historical imagination or fully reconcile Russia's glorious past with national mythologies of the non Russian nationalities Combining archival research with an innovative methodology that links scholarly and political texts with the literary works and artistic images Stalin's Empire of Memory presents a lucid readable text that will become a must have for students academics and anyone interested in Russian history

Stalin and Stalinism Martin McCauley,2013-09-13 One of the most successful dictators of the twentieth century Stalin believed that fashioning a better tomorrow was worth sacrificing the lives of millions today He built a modern Russia on the corpses of millions of its citizens First published in 1983 Stalin and Stalinism has established itself as one of the most popular textbooks for those who want to understand the Stalin phenomenon Written in a clear and accessible manner and fully updated throughout to incorporate recent research findings the book also contains a chronology of key events Who's Who and Guide to Further Reading This concise assessment of one of the major figures of twentieth century world history remains an essential purchase for students studying the subject

Stalin's Curse Robert Gellately,2013-03-05 A chilling riveting account based on newly released Russian documentation that reveals Joseph Stalin's true motives and the extent of his enduring commitment to expanding the Soviet empire during the years in which he seemingly collaborated with Franklin D Roosevelt Winston Churchill and the capitalist West At the Big Three conferences of World War II Joseph Stalin persuasively played the role of a great world leader whose primary concerns lay in international strategy and power politics and not communist ideology Now using recently uncovered documents Robert Gellately conclusively shows that in fact the dictator was biding his time determined to establish Communist regimes across Europe and beyond His actions during those years and the poorly calculated responses to them from the West set in motion what would eventually become the Cold War Exciting deeply engaging and shrewdly perceptive Stalin's Curse is an unprecedented revelation of the sinister machinations of Stalin's Kremlin
