This book will tell you exactly what to study by presenting in full every type of question you will get on the actual test. After testing yourself, you may find that you are weak in a particular area. Once you know what subjects you are weak in, you should concentrate on improving your skills by using the specific exercise problems in this book that apply to you. Even if your study time is very limited, you should become familiar with the type of examination you will be given as well as practice your skills in analyzing and answering questions involving reasoning, judgement, comparison, and evaluation. This kind of selective study yields maximum test results. Above all, remember understanding what you read is an important part of your ability to learn and is a crucial part of most tests.
