

STANDARDS FOR PSYCHIATRIC HOSPITALS AND OUT-PATIENT CLINICS APPROVED BY THE AMERICAN PSYCHIATRIC ASSOCIATION (1945-46)

The Committee on Psychiatric Standards and Policies of the American Psychiatric Association is cognizant of the fact that the attention of the entire nation has been focused upon the need for adequate preventive and curative mental health services for all the people, and that there is a definite demand for such hospital and out-patient services within the means of all classes of society.

To comply with such popular demand, The American Psychiatric Association representing some 3,500 psychiatrists throughout the United States and Canada, through its Council, has approved the following standards and policies for all mental hospitals and out-patient clinics. The Council recognizes that such standards cannot be achieved within a short time, but it should be the goal of every hospital and clinic to establish them within ten years, thus qualifying as both a treatment and training centre.

STANDARDS FOR PSYCHIATRIC HOSPITALS

1. All hospitals should have a small unit or department which will take the place of the present receiving ward, where patients upon admission will remain a brief period (usually not to exceed two weeks) to be classified and housed according to their condition. This unit will require the services of a psychiatrist for every 30 patients under observation; a graduate nurse for every 4 patients and a trained attendant for every 6 patients under observation.

2. Approved hospitals should have a special unit or department for acutely mentally ill, where a patient will receive individual medical, psychiatric, nursing care and treatment, and individual services in the field of occupational, recreational and allied therapy. Intensive psychotherapy, in conjunction with physio-hydro-therapy, as well as modern organic therapy must be considered as indispensable in each case. The size of such a unit should accord with the admissions within a three- to six-months' period. This

unit will have a small sub-unit for disturbed acutely ill individuals who will receive the same individual care and treatment.

All cases in the unit for acutely ill should be housed either in single rooms or in small dormitories. Such a unit will require a psychiatrist for every 30 patients; a graduate nurse for every 4 patients; a trained attendant for every 6 patients; a physio-hydro-therapist, an occupational-therapist, and a recreational therapist for every 30 patients requiring such treatment, and any other service indicated.

3. Hospitals should have a unit or department for a convalescing group where a patient will receive somewhat similar care, although not requiring as intensive treatment as in the unit for the acutely ill. The size of such a unit will be determined by the number of home convalescing patients during a period of six months. Such a unit will require a psychiatrist for every 50 patients; a graduate nurse for every 10 patients; a trained attendant for every 7 patients; an occupational therapist for every 30 patients; a recreational therapist for every 50 patients, and any other service indicated.

4. Hospitals assuming responsibility for patients with a favorable prognosis but who require intensive prolonged treatment and care should have a unit or department for such patients. Such a re-educational service will require a psychiatrist for every 75 patients; a graduate nurse for every 25 patients; a trained attendant for every 8 patients; a physio-hydro-therapist, an occupational-therapist and a recreational therapist for every 75 patients, and any other service indicated. This unit will have a special sub-unit for chronic disturbed patients.

5. Hospitals receiving patients who require continued treatment should have a special unit or department. Such a unit will need a psychiatrist for every 200 patients;

Standards For Psychiatric Hospitals Clinics Introduction

In the digital age, access to information has become easier than ever before. The ability to download Standards For Psychiatric Hospitals Clinics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Standards For Psychiatric Hospitals Clinics has opened up a world of possibilities. Downloading Standards For Psychiatric Hospitals Clinics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Standards For Psychiatric Hospitals Clinics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Standards For Psychiatric Hospitals Clinics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Standards For Psychiatric Hospitals Clinics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Standards For Psychiatric Hospitals Clinics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Standards For Psychiatric Hospitals Clinics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so,

individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Standards For Psychiatric Hospitals Clinics Books

What is a Standards For Psychiatric Hospitals Clinics PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Standards For Psychiatric Hospitals Clinics PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Standards For Psychiatric Hospitals Clinics PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Standards For Psychiatric Hospitals Clinics PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Standards For Psychiatric Hospitals Clinics PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
