**The Key to Theosophy** H. P. Blavatsky, 2015-06-04. Excerpt from *The Key to Theosophy: Being a Clear Exposition in the Form of Question and Answer of the Ethics, Science, and Philosophy for the Study of Which the Theosophical Society Has Been Founded*. The purpose of this book is exactly expressed in its title: *The Key to Theosophy*, and needs but few words of explanation. It is not a complete or exhaustive text book of Theosophy, but only a key to unlock the door that leads to the deeper study. It traces the broad outlines of the Wisdom Religion and explains its fundamental principles, meeting at the same time the various objections raised by the average Western enquirer and endeavouring to present unfamiliar concepts in a form as simple and in language as clear as possible. That it should succeed in making Theosophy intelligible without mental effort on the part of the reader would be too much to expect, but it is hoped that the obscurity still left is of the thought, not of the language, is due to depth, not to confusion. To the mentally lazy or obtuse, Theosophy must remain a riddle for in the world mental as in the world spiritual, each man must progress by his own efforts. The writer cannot do the reader's thinking for him, nor would the latter be any the better off if such vicarious thought were possible. About the publisher: Forgotten Books publishes hundreds of
