International Moratorium on Ten Years on the Killing of All Species of Whales United States. Congress. House. Committee on Foreign Affairs. Subcommittee on International Organizations and Movements,1971 *When the Killing's Done* T.C. Boyle,2012-02-28 How can you talk about being civil when innocent animals are being tortured to death Civil I ll be civil when the killing s done The island of Anacapa off the coast of California is overrun with black rats which are threatening the ancient population of ground nesting birds Alma Boyd Takesue of the National Park Service is the spokesperson for a campaign to exterminate these man introduced rodents once and for all Alma highly self disciplined with a stubborn streak speaks as a conservationist though the fact that her grandmother was once stranded on Anacapa for three weeks with nothing but thousands of crawling rats for company might explain some of her zeal With days to go before the aerial rat poisoning Alma s plan is in danger of sabotage Dave LaJoy and Anise Reed a pair of notorious environmental activists are recognisable from a distance by his knotted dreadlocks and her flame red cyclone of hair Dave is an electronics salesman with barely controlled rages for whom the plight of the rats is yet another of life s many injustices along with lazy tramps and second rate wine Anise is a struggling folk singer with her own terrible reasons for getting involved in the cause From the outset Alma Dave and Anise are at ideological loggerheads But when Alma s sights turn to the infestation of non native pigs on Santa Cruz where Anise was brought up by her single mother and a clan of ranchers the stakes are raised and the debate threatens to boil over into something much more real *When the Killing s Done* is T C Boyle s blistering new novel a sweeping epic of family ecology and the right to life no matter what the fallout **The Killing Age** Clifton

Crais,2025-11-14 A bracing account of how our current planetary crisis emerged from the worst cataclysmic destruction in human history which Clifton Crais terms the Mortecene the killing age We are used to speaking of the Anthropocene and the outsized impact humans have had on the planet But we sometimes lose sight of a fundamental truth at the heart of modern world history the legacy of human predation slavery and imperialism that has devastated the natural world and led us to our present moment As historian Clifton Crais shows in this magisterial work the period that we most associate with human progress which gave us the Enlightenment the rise of democracies the Industrial Revolution and more was at the same time catastrophically destructive In this bracing landmark book Crais urges us to view the growth of global capitalism between 1750 and the early 1900s not as the Anthropocene but as the Mortecene the Killing Age Killing brought the world together and tore it apart as profiteering warlords committed mass scale slaughter of humans and animals across Africa Asia and the

Americas The newfound ease and profitability of killing created a disturbing network of global connections and economies eliminating tens of millions of people and sparking an environmental crisis that remains the most urgent catastrophe facing the world today Drawing on years of scholarship and marshaling myriad sources across world history *The Killing Age* turns our vision of past and present on its head illuminating the Mortecene in all its horror how it shaped who we are what we value and fear and the precarious present we inhabit today *The Killing Wind* Hecheng Tan,2017 In *The Killing Wind* Tan recounts how over the course of 66 days in 1967 over 9 000 Chinese class enemies were massacred in the Daoxian

Behaviour Behind Bones Sharyn Jones O'Day,Wim Van Neer,Anton Ervynck,2003-12-01 This book is the first in a series of volumes which form the published proceedings of the 9th meeting of the International Council of Archaeozoology ICAZ held in Durham in 2002 The 35 papers present a series of case studies from around the world They stretch beyond the standard zooarchaeological topics of economy and ecology and consider how zooarchaeological research can contribute to our understanding of human behaviour and social systems The volume is divided into two parts Part 1 Beyond Calories focuses on the zooarchaeology of ritual and religion Contributors discuss ways to approach questions of ritual and religion through the faunal record and consider how material culture depicting and or associated with animals can provides clues about ideology religious practices and the role of animals within spiritual systems Part 2 Equations for Inequality looks at questions of identity status and other forms of social differentiation in former human societies Contributors discuss how differences in food consumption nutrition and food procurement strategies can be related to various forms of social differentiation among individuals and groups **The Killing Consensus** Graham Denyer Willis,2015-03-21 We hold many assumptions about police work that it is the responsibility of the state or that police officers are given the right to kill in the name of public safety or self defense But in *The Killing Consensus* Graham Denyer Willis shows how in S o Paulo Brazil killing and the arbitration of normal killing in the name of social order are actually conducted by two groups the police and organized crime both operating according to parallel logics of murder Based on three years of ethnographic fieldwork Willis s book traces how homicide detectives categorize two types of killing the first resulting from resistance to police arrest which is often broadly defined and the second at the hands of a crime family known as the Primeiro Comando da Capital PCC Death at the hands of police happens regularly while the PCC s centralized control and strict moral code among criminals has also routinized killing ironically making the city feel safer for most residents In a fractured urban security environment where killing mirrors patterns of inequitable urbanization and historical exclusion along class gender and racial lines Denyer Willis s research finds that the city s cyclical periods of peace and violence can best be understood through an unspoken but mutually observed consensus on the right to kill This consensus hinges on common notions and street level practices of who can die where how and by whom revealing an empirically distinct configuration of authority that Denyer Willis calls sovereignty by consensus **The Killing of Lord George** Karl Shaw,2022-09-01 A riveting read a dark story of murder and

deceit with verve and insight John Woolf author of *The Wonders* THE LIFE AND DEATH OF A 19TH CENTURY CIRCUS LEGEND On 28 November 1911 a retired showman died violently at his home in North London Known to the world as Lord George Sanger he was once the biggest name in show business and was venerated as a national institution The death of Britain's wealthiest showman read like a popular crime thriller a merciless killer a famous victim sensational media headlines a desperate manhunt laced with police incompetencies and a dramatic denouement few could have anticipated But for over a century questions have persisted about the murder Weaving in the story of George's rise to fame and the history of Britain's entertainment industry *The Killing of Lord George* uses previously unpublished archive material to reconstruct the events leading up to the death and reveal the true story behind the brutal crime that shocked Edwardian England *The Killing Land* Jacqueline Seewald, 2023-07-28 An historical romance that captures the heart of the American West In this Western romantic suspense thriller set in the Arizona Territory of the 1880s a courageous young woman who comes from the East to take up homesteading and an aristocratic cattle baron become involved in a love hate relationship Although attracted to each other Mary and Cal are also distrustful and antagonistic toward one another The dangers they face draw them together as they are forced to deal with life threatening obstacles Mary suspects that Cal is responsible for trying to drive farmers and sheepherders off the rangeland that cattlemen consider rightfully theirs When her uncle is murdered Mary intends to discover who is responsible and why In so doing she becomes a person of interest to a vicious outlaw Cal whose mother deserted him at an early age and who also had a bad experience with his former fiancée is equally suspicious of women When these two finally begin to surmount their personal prejudices people and circumstances place dangerous obstacles in their path and put their lives in jeopardy Reader Advisory A feisty heroine proves her courage and wins the love and respect of a cattle baron as well as an outlaw PUBLISHER NOTE Historical Cowboy Romance M F HEA All characters depicted in this work of fiction are 18 years of age or older **The Killing Circle** Andrew Pyper, 2009-03-18 From acclaimed bestselling author Andrew Pyper a suspenseful page turner that explores the repercussions of that most dishonest of thefts stealing another's story and calling it your own Patrick Rush a former bright light at the National Star now demoted to the reality TV beat is still recovering from his wife's death when he joins a writers group in Toronto His goal to write the book he's always felt lived within him Trouble is Patrick has no story to tell And while the circle's members show similarly little literary promise there is one exception Angela Her unsettling readings tell of a shadowy childhood tragedy and an unremitting fear of the Sandman a terrible man who does terrible things It's the stuff of nightmares or horror films Or is it Over the weeks that follow a string of unsolved murders seem increasingly connected to Patrick And then the circle's members start to go missing one by one Still haunted by loss and by a crime only those in the circle could know of Patrick finds himself in a fictional world made horrifically real But nothing will put him in greater danger than that ancient curse of natural born readers the need to know how the story ends At once a complex and compulsive read *The Killing Circle* explores the side effects of an

increasingly fame mad culture where even the staid realm of literature can fall prey to ravenous ambition and competition
