The King Of Spring The Life And Times Of Peter Oconnor:

The Irish and the Making of American Sport, 1835-1920 Patrick R. Redmond, 2015-03-07 Jerrold Casway coined the phrase The Emerald Age of Baseball to describe the 1890s when so many Irish names dominated teams rosters But one can easily agree and expand that the period from the mid 1830s well into the first decade of the 20th century and assign the term to American sports in general This book covers the Irish sportsman from the arrival of James Deaf Burke in 1836 through to Jack B Kelly s rejection by Henley regatta and his subsequent gold medal at the 1920 Olympics It avoids recounting the various victories and defeats of the Irish sportsman seeking instead to deal with the complex interaction that he had with alcohol gambling and Sunday leisure pleasures that were banned in most of America at some time or other between 1836 and 1920 This book also covers the Irish sportsman s close relations with politicians his role in labor relations his violent lifestyle and by contrast his participation in bringing respectability to sport It also deals with native Irish sports in America the part played by the Irish in Team USA s initial international sporting ventures and in the making and breaking of amateurism within sport

What Are the Olympics For? Jules Boykoff, 2024-03-26 Athletes first is a slogan the International Olympic Committee often touts but the reality is very different as pre eminent Olympics expert Jules Boykoff shows in this book While the world s attention is riveted by the triumphs and tribulations on their screens there is much that goes on behind the scenes that is deeply troubling athletes are increasingly voicing concerns over physical mental and sexual abuse and they are collectively expressing grievances around equity and human rights Outside the stadiums problems range from the democratic deficit and corruption surrounding the awarding of the Games to displacement of people and gentrification of neighbourhoods to make way for Olympic venues to the environmental damage that Olympic construction inflicts and then tries to greenwash away Boykoff tells us that radical steps are required if the Games are to be fixed and only then will they be truly athletes first *Joyce Studies Annual 2010* Philip T. Each chapter of Sport and Ireland contains new research on the place of sport in Irish life the playing of hurling matches in London in the eighteenth century the growth of cricket to become the most important sport in early Victorian Ireland and the enlistment of thousands of members of the Gaelic Athletic Association as soldiers in the British Army during the Great War Rouse draws out the significance of animals to the Irish sporting tradition from the role of horse and dogs in racing and hunting to the cocks bulls and bears that were involved in fighting and baiting *Athletic Activism* Jeffrey Montez de Oca, Stanley Thangaraj, 2023-08-08 Rooted in a global transnational perspective Athletic Activism Global Perspectives on Social Transformation demonstrates how athletic activism can not only impact global discourse about inequity across various social location but foster institutional change that advances social justice *Athlete Activism* Rory Magrath, 2021-11-24 This book examines the phenomenon of athlete activism across all levels of sport from elite and international sport to collegiate and semi pro and asks what this tells us about the relationship between sport and wider society With contributions from scholars around the world the book presents a series of fascinating case studies including the activism of world famous athletes such as Serena Williams Megan Rapinoe and Raheem Sterling Covering a broad range of sports from the National Football League NFL and Australian Rules to fencing and the Olympic Games the book sheds important light on some of the most important themes in the study of sport including gender power racism intersectionality and the rise of digital media It also considers the financial impact on athletes when they take a stand and the psychological impact of activism and how that might relate to sports performance It has never been the case that sport and politics don t mix and now more than ever the opposite is true This is essential reading for anybody with an interest in the politics or sociology of sport the politics of protest social movements or media studies *The King of Spring* Mark Quinn, 2004 Tells the remarkable story of one of Ireland s greatest yet neglected sporting heroes Peter O Connor 1906 Olympic gold medallist long jump world record holder and Irish nationalist This book brings to life a forgotten era of Irish athletic achiev *Sport and Protest* Cathal Kilcline, 2019-12-18 Sporting mega events habitually spawn protests from local groups discommoded by the building of new infrastructure environmental lobbies contesting the long term legacies of such events and expressions of outrage at the expenditure of public funds on events often restricted to an elite selection of participants and spectators Are these protest movements ever successful in preventing sporting events from taking place or in modifying their nature or even in drawing attention to social issues Or are they inevitably destined to be ignored in the popular fervour and financial windfall that accompanies such events Similarly sporting events have occasionally been the site of iconic moments of political protest Tommie Smith s and John Carlos Black Power salute at the Mexico Olympics in 1968 for example remains one of the abiding symbols of resistance to oppression expressed in a sporting context What is it about sport that lends itself to these kinds of protests Are these protests effective in accelerating change in society or does the sporting context ultimately serve to trivialize important social issues Here we endeavour to respond to some of these questions and thereby illuminate the

evolving political economic environmental and cultural implications of sport in society The chapters in this book were originally published as a special issue in The International Journal of The History of Sport **Library Journal** Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E.
